2024-2025 Academic Year Theme

Standing Firm in the Faith

"Therefore do not throw away your confidence, which has a great reward. For you have need of endurance, so that when you have done the will of God you may receive what is promised... Now faith is the assurance of things hoped for, the conviction of things not seen. For by it the people of old received their commendation." (Hebrews 10:35-36, 11:1-2)

During our 161st academic year, Concordia Chicago's theme of the year, "Standing Firm in the Faith," encourages us to remain true to the mission statement of our university, which begins "Steadfast in Jesus Christ." To stand firm is to be steadfast. To stand firm in the faith is to be steadfast in Jesus Christ, who is the center of the Christian faith.

"Faith" is a word commonly used to express complete confidence or trust in someone or in something. Wishing to express confidence in a friend's ability to succeed, one might say, "I have faith in you!" Or the confident fan might say of his or her team, "I have faith that we will win today!" Even though the friend has not yet succeeded and even though the team has not yet won, faith is the confidence that they can and will. In Hebrews 11:1 faith is defined in a very similar way. It is "the assurance of things hoped for, the conviction of things not seen." Faith is assurance, conviction, confidence.

The faith of which the Bible speaks, however, is confidence in Someone far more reliable: *the eternal Lord, the Father, the Son, and the Holy Spirit*. It is the conviction that God is trustworthy. It is the assurance that *He* will keep His promises, even if we do not yet see their fulfillment. And central to God's promises is the Gospel: that God is gracious to us for the sake of His promised Savior, Jesus, who suffered and died in the place of all people for the forgiveness of our sins. Whoever has faith in this promise receives the forgiveness of sins and is saved. Not only that, but since the Christian confidently stands in God's grace for Jesus' sake, he now has the assurance that God will also faithfully fulfill every other promise given in His Word, whether it pertain to things temporal or eternal. As St. Paul writes, *"For all the promises of God find their Yes in him" (2 Cor. 1:20)* and *"He who did not spare His own Son... shall He not with Him also freely give us all things?" (Rom. 8:32)*.

The author of Hebrews, from which this year's theme passage comes, wrote to encourage the Christians of his day to stand firm in this faith. Though they were facing persecution in the form of mockery, seizure of their possessions, and imprisonment (cf. Heb. 10:33-34), he exhorts them, *"Therefore do not throw away your confidence... you have need of endurance..." (Heb. 10:35-36)*. Likewise, through this passage, the Holy Spirit encourages us in our day to stand firm in the faith, trusting in God's grace through Jesus Christ and clinging especially to His eternal promises, which will not disappoint us. Such enduring and steadfast faith is not borne of sheer willpower or human decision. It comes from outside of us as a gift of God (Eph. 2:8-9), which His Spirit creates in us as we hear the Word of Christ, the Gospel (Rom. 10:17; Jam. 1:18).

Jonathan Stahlke has composed a festival setting of this year's hymn, *We Are Called to Stand Together* (LSB 828). Written by Martin Leckebusch, the hymn echoes the context of Hebrews chapters 11 and 12. It reminds the church of our age that, as we stand firm in the faith, we are not alone. Rather, we stand with the patriarchs, prophets, apostles, and Christians throughout the ages, who held fast to God's promises, fulfilled in Jesus Christ. Their examples encourage us as the devil, the world, and our own sinful flesh seek to discourage our faith in Christ. More than that, they also teach us that "standing firm in the faith" does not mean standing still or being inactive. Standing firm in the faith includes service to Christ, reliance upon Him in prayer, and proclaiming His Gospel "to each coming generation." As Luther once remarked, "Yes, it is a living, creative, active, and powerful thing, this faith."

Policies & Expectations

Academic Integrity, Honor Code statement and Student Responsibility

The development of the entire student as an ethical and moral citizen of the world includes the notion of academic integrity and personal responsibility. An honor code serves to promote integrity at CUC and articulates concretely the level of honor and integrity expected of all scholars.

- Every student will sign this honor pledge prior to matriculation at Concordia University Chicago:
"As a student of CUC and a member of the larger society, I pledge to uphold an academic honor code that supports serving and leading with strong personal integrity. Specifically, this includes the avoidance of cheating or using inappropriate or dishonest means to complete anything I do for a grade, program, or graduation requirement. This also includes abstaining from giving unauthorized assistance to, or participating in inappropriate collaboration with, others. I understand that this is a privilege, and it is my responsibility to actively uphold this honor system. Furthermore, this pledge signifies that I will treat others with utmost respect in my academic pursuits, within and beyond the confines of a classroom, as I expect others to treat me."
- It is every student's responsibility to know, understand and comply with the Honor Code. The Honor Code in its entirety can be found at **CUChicago.edu/academics/honor-code**.
- This statement is included in every syllabus, and serves as a reminder of the importance of academic integrity:
"In accordance with the honor code that you have signed, turning in any piece of work with your name on it constitutes your pledge that you have not given or received any unauthorized aid."
- It is every student's responsibility, when in doubt, to ask the instructor what constitutes authorized or unauthorized aid in each course.
- Continued participation in a program also affirms a student's upholding of the pledge in all non-course-related requirements.

Occasionally individuals violate the trust and integrity supported by an Honor Code. Any act of academic dishonesty is a serious offense in a university community and is taken seriously as a breach of honor within the entire community. When the Honor Code serves as your guide, you will get the most from your learning experiences, be proud of your work, and earn respect as a member of our academic community and beyond.

CUC Policies on Class Attendance

Students are expected to attend all classes as part of the learning process, both in face-to-face and online courses.

CUC defines class attendance as follows:

In face-to-face courses and university assigned study groups (e.g., recitations), documented physical presence in class meetings.

In an online course, documenting that a student has logged into an online class is not sufficient to demonstrate academic attendance by the student. According to the US Department of Education, a school must demonstrate that a student participated in class or was otherwise engaged in an academically related activity. Examples of acceptable evidence of academic attendance and attendance at an academically related activity in a distance education course/program include:

- student submission of an academic assignment,
- student submission of an exam,
- documented student participation in an interactive tutorial or computer-assisted instruction,
- a posting by the student showing the student's participation in an online study group that is assigned by the institution,
- a posting by the student in a discussion forum showing the student's participation in an online discussion about academic matters, and
- an email from the student or other documentation showing that the student initiated contact with a faculty member to ask a question about the academic subject studied in the course.

Students can expect faculty members to have a clear attendance policy in each course syllabus and/or the policy section of Blackboard that conforms with the university class attendance policy. Students are expected to be aware of the attendance policy in each course for which they are enrolled.

Students may not receive credit on individual assignments or assessments, and may receive a reduced/failing course grade if they do not observe attendance requirements set for their classes.

The university expectation is that students will not miss more than 25% of class attendance whether authorized or unauthorized. Some programs or faculty members may have different expectations; students are expected to be aware of any variations from this expectation. For information on requesting an incomplete, students should review the [Incomplete Policy](#). For information on requesting to drop or withdraw from a course, students should review the pertinent section in their [Academic Catalog](#) and speak with their advisor. If a student needs to request a drop or withdrawal after the deadline, they should use the [Dean of Students Appeal Form](#).

Also note the Administrative Drop and Administrative Withdrawal policies in the Academic Information - Registration Policies and Procedures section of this catalog.

Authorized Absences from Class

A student representing the university at university-sponsored events is granted authorized absences from class provided that the student is in good academic standing and has complied with approved procedures. See the [Student-Athlete Class Attendance Policy](#) for absences due to participation in athletics. Faculty members will receive email notifications regarding authorized student absences via [Navigate](#).

When leading/hosting a university-sponsored event where students will be absent, faculty members should notify the Office of the [Dean of Students](#) so that it can send out notifications to the CUC community.

In compliance with Title IX, absences due to pregnancy, recovery, or related conditions must be authorized if the student's physician deems the absence medically necessary. Regarding all absences tied to pregnancy, recovery or related conditions, students should email TitleIX@CUChicago.edu with documentation included for any such absence. The Office of the Dean of Students will review request and documentation and notify faculty members if absences are authorized. Faculty members are expected to assist pregnant and parenting students (female and male) by providing them with options, such as extended deadlines, make-up assignments or alternate learning activities.

At the discretion of a faculty member, at times in consultation with the Office of the Dean of Students and in line with a program's requirements, absences due to medical and mental health issues, personal crises, military orders, or contractual obligations may be authorized. Students should complete the following [form](#) to notify the Office of the Dean of Students with documentation included for any such absence.

An authorized absence does not excuse a student from course material, assignments or exams. It is ultimately up to each faculty member to decide what, if any, accommodation can be provided for an authorized absence. It is the student's responsibility to initiate a request for an accommodation with the faculty member. It is also a student's primary responsibility to schedule courses to minimize potential class absences.

Students are expected to attend all classes as part of the learning process, both in face-to-face and online courses.

Dean of Students Office

The Office of the Dean of Students serves as a liaison between the students and the University and is responsible for administering the policies and programs affecting Student Success. Serving as the chief student advocate, the Dean of Students establishes and promotes a collegiate environment conducive to the academic success and personal growth of each student.

Immunizations

Illinois State Law and CUC policy require all Concordia University Chicago students who are taking face-to-face classes to provide proof of immunizations through the Med Proctor prior to your first class.

Required Immunizations

- Measles, mumps, rubella (MMR): two vaccinations after your first birthday (not required if you were born before January 1, 1957)
- Meningitis: one vaccination after 16th birthday (for students 22 years and younger)
- Tetanus, Diphtheria and Pertussis (TDAP): within the past 10 years
- TB Testing -Required for international students ONLY within the last 12 months. Must upload chest x-ray if TB Skin test is failed.
- 2 primary series Tetanus for International students ONLY. Toxoid vaccine (TT) is not acceptable

Please be aware of these requirements and consult with your physician about any additional immunizations that are required.

Concordia University Chicago is partnering with Med+ Proctor to handle all immunization records and compliance with them. Med+ Proctor will verify that incoming immunization records meet dosage and date requirements to meet state, local, and institutional guidelines.

Students not in compliance with Illinois immunization law 30 days after the first day of classes will receive a \$75 non-compliance charge each semester to their student accounts.

Please also do not hesitate to contact the Dean of Students Office at 708-209-3018 or DOS@CUChicago.edu with questions.

Procedures for Student Complaints & Grade Appeal

If an issue arises at Concordia-Chicago, the first step toward a resolution is to work directly with the faculty or staff member where the issue began. Set an appointment with the individual to communicate the concern.

A student may request a review of a course grade. All grade appeals must be resolved within eight weeks after final course grades are due. Students may appeal a course grade for a substantial, unreasonable, or unannounced departure from the syllabus, rubrics, course outcomes, and/or assignments. The Grade Appeal Process and Form is found in Concordia Connect. If needed, the contact names of division chairs and deans are found on the current organization chart in Concordia Connect.

How to File a Complaint

A student complaint must be made using the online form located on the Concordia Connect portal available at [Connect.CUChicago.edu](https://connect.cuchicago.edu).

- When completing the form, be as specific as possible. Provide names, dates and locations.
- The complaint is required to be submitted within 15 business days from the date of the complaint occurrence.
- A tracking number will be assigned to the complaint. You will receive a submission acknowledgement when you submit the complaint. Keep this acknowledgement for your records.
- The Office of the Dean of Students will receive each complaint and determine the appropriate course of action.
- The Office of the Dean of Students will refer complaints requiring further action to the appropriate administrative official (typically a Dean or Director) for investigation and resolution.
- Within 10 business days after receiving the complaint, the Office of the Dean of Students will advise the student in writing either (a) that it has referred the complaint to an administrator for investigation and resolution, and to whom the complaint was referred, or (b) that it has dismissed the complaint and the reason(s) for dismissal.
- An administrator who receives a complaint has 20 business days from the date of the referral to investigate and address the complaint. During the investigation and resolution process, the administrator will communicate directly with the student who filed the complaint. At the conclusion of the investigation and resolution, the administrator will notify the student and the Office of the Dean of Students in writing of the results of the investigation and the resolution of the complaint.
- The Office of the Dean of Students may extend the investigation period beyond 20 business days by notifying the student in writing who filed the complaint.
- A complaint may be dismissed without further action if the student fails to cooperate in the investigation.

If you have any questions about the complaint process, contact the Office of Dean of Students at DOS@CUChicago.edu or 708-209-3005.

International Student Services

International Student Advising

The Center for International Student Services (CISS) can assist undergraduate international students on campus with adaptation to campus life in the United States and at Concordia University Chicago, as well as learn how to communicate across cultures. The Center for International Student Services provides visa advising, issuance of immigration documents, enrollment and expense letters, information about on-campus employment, and special services meeting the needs of students from outside the United States.

Non-Immigrant Visa Students

The U.S. Immigration and Customs Enforcement (ICE) regulations require that all students on temporary visas pursue their studies on a full-time basis at the institution they have been authorized to attend. Full time is 12 credits for Undergraduate students. International students must meet with an advisor in the CISS office before dropping any courses that take them below full-time or withdrawing from the University. If you apply for and are granted an "exception from full-time enrollment," you must still carry at least a half-time course load and you must resume a "full course of study" in the following semester. See an advisor in the CISS office for more information on complying with this and other ICE requirements.

All non-immigrant international students must check in with the CISS office within 10 days of their arrival in the United States and show their immigration documents (passport, I-94 Record of Arrival and Departure, and their SEVIS I-20) before registering for classes. New international students are required to attend an international student orientation held prior to the start of classes.

Transferring F-1 students must obtain a transfer verification form from their previous school in the United States within 60 days of completing their classes from their previous institution and before the end date on their current I-20, and must complete transfer procedures as provided in the federal regulations within 15 days of the first day of class.

It is a U.S. Department of Homeland Security requirement that F-1 students possess I-20s that most accurately reflect their biographical, address, financial and academic information. F-1 students must notify CISS of any change in program, including changes in level and field of study. All international students must report any change of address to the government through the CISS office within 10 days.

International Students will be required to enroll in the Student Accident and Sickness Insurance Plan and submit immunization records.

Under federal law, all internationals on non-immigrant visa status are expected to maintain current, valid immigration documents and passports and to have adequate financial support during their stay in the United States. The University is required by ICE and DOS regulations to file reports of non-compliance with various aspects of immigration law relating to the stay and employment of non-immigrants on campus.

International students holding F-1 statuses are reminded that they may engage in on-campus employment for a maximum of 20 hours per week during fall and spring semesters. Full-time (more than 20 hours per week) on-campus employment is allowed only during official breaks and during the summer semester. Students are reminded that if they plan to apply for OPT (Occupational Practical Training) they must apply prior to the last day of class, which is different from the graduation date. Information about OPT is available through the CISS office.

Approved transfer credits are also on the transcript listing only the course title and credits earned. The university adheres to FERPA (Family Educational Rights and Privacy Act of 1974), as amended, in regard to information contained on the student transcript. Students may view or print an unofficial transcript from Concordia Connect. Official transcripts are available through the National Student Clearinghouse (NSC). Official transcripts can be sent out within 24 hours to any third party, e.g. college, employer, etc. All administrative obligations to CUC must be cleared in order to prompt the release of CUC transcripts.

Classification of Academic Class - Traditional Undergraduate

Freshman 0 - 29 semester hours

Sophomore 30 – 59 semester hours

Junior 60 - 89 semester hours

Senior 90 or more semester hours

The credits used to determine academic level include those earned at the University and any transfer credits. Second degree-seeking students will be classified on the basis of transfer credit and/or previous Concordia-Chicago credit. A second degree typically requires the completion of an additional 30 credit hours or more above the first degree. A second degree should not be confused with a second major. It is possible to graduate with two majors at the same time. A second major will use the same credits used for your general education requirements in the first major. Meet with their academic advisor to work out a plan of study.

Academic Status & Academic Probation

Undergraduate Level

- **Academic Good Standing:** This status is achieved by earning a minimum cumulative GPA of 2.0, while also completing a minimum of 67% of all coursework attempted in a given academic term.
- **Academic Warning:** Issued to a student whose GPA for any term is below 2.0, but whose cumulative GPA is at least 2.0.
- **Probation:** This status is earned by a student in the semester after his or her cumulative GPA falls below 2.0.
- **Continued Probation:** This status is granted to a student, who while on probation has failed to raise his or her cumulative GPA to at least 2.0 but has earned a term GPA of 2.0 or higher in the most recently completed term.
- **Academic Suspension: (Sanction)** Any student on probation failing to raise his or her cumulative GPA to at least 2.0, and unable to earn a GPA of at least a 2.0 in his or her next term, is placed on academic suspension for a term of one calendar year.
- **Suspension Appealed:** Any student who successfully appealed academic suspension will have this status listed. Students are permitted to appeal academic suspension once in their academic residency.

All students are required to maintain academic good standing. A student in **Academic Good Standing** has a minimum cumulative GPA of 2.0. Satisfactory Academic Progress means that a student has completed a minimum of 67 percent (term earned credits divided by total term attempted credits) of all coursework attempted in a given academic term. This formula for successful progress is the same as federal financial aid eligibility requirements.

An **Academic Warning** is issued to a student whose GPA for any term is below 2.0, but whose cumulative GPA is at least 2.0. Students on Academic Warning will receive a letter from the office of the Dean of Students informing them of their status, and the requirements of this condition. Warned students are required to meet with an academic advisor no later than the first week of the following semester to discuss their course scheduling, and to develop a plan for academic success.

Probation is a set of academic conditions governing coursework, University-sponsored activities and/or campus employment placed on a student in the semester after his or her cumulative GPA falls below 2.0.

These academic conditions may include:

- *Credit and course restrictions.*
- *Ineligibility to take independent study, directed study or online courses unless otherwise approved by the office of the Dean of Students.*
- *University-sponsored activities may be reduced during the probation period. These activities include, but are not limited to participation in: athletics, University-sponsored trips, student leadership positions, music ensembles and theater productions.*
- *Hourly limits for on-campus employment.*

Any student earning a cumulative GPA of less than 2.0 shall be subject to Probation. He or she will receive a letter from the office of the Dean of Students informing them of their status, and the requirements of this condition. A student on Probation will be required to meet with designated support staff to develop an academic success contract. He or she will be required to retake those courses in which he or she has previously earned an F or D, as soon as possible. Students then will have one semester to regain academic good standing.

Continued Probation is a similar set of academic conditions placed on a student, who while on Probation has failed to raise his or her minimum GPA to at least 2.0 but has a GPA of at least 2.0 in the next term. Satisfactory Academic Progress requirements apply in this case as well. Any student who is on continued probation is subject to the same academic conditions outlined in the probation section. He or she will be required to retake those courses in which he or she has previously earned an F or D, as soon as possible.

In a case where a student on Probation has failed to regain Academic Good Standing by the end of the first semester of Probation, but has earned a semester GPA of at least 2.0 in the immediately succeeding semester, the student will be allowed to continue his or her academic pursuits on Continued Probation, and will remain on Continued Probation as long as his or her term GPA is at least 2.0, and Satisfactory Academic Progress requirements are met.

For example:

Semester 1: cumulative GPA 1.50

Semester 2 (probation) term GPA 2.25; cumulative GPA 1.875

Semester 3 (continued probation) term GPA 2.5; cumulative GPA 2.08 (good standing restored)

If the student is unable to earn a term GPA of at least a 2.0 by the end of the semester of Continued Probation, the student shall be placed on Academic Suspension.

Academic Suspension is a sanction. Any student on probation failing to raise his or her cumulative GPA to at least 2.0, and unable to earn a GPA of at least a 2.0 in his or her next term, is placed on academic suspension for a term of one calendar year.

Any student who fails all courses in any term shall be placed on Academic Suspension.

A student may appeal his or her Academic Suspension in the following manner:

- A student on Academic Suspension may appeal for reinstatement to the Academic Standards and Progress Committee convened by the office of the Dean of Students. The decision of the committee is final.
- A student is allowed only one such appeal during his or her academic residency at Concordia University Chicago.

A student may apply for readmission to Concordia University Chicago after Academic Suspension only after one calendar year from the date of suspension, and only if s/he has successfully completed courses from an accredited college or university totaling 12 credit hours and having a cumulative GPA of at least 2.0.

Graduate Level

Academic Status Review

A graduate student is considered to be in Good Standing when the Concordia-Chicago Cumulative Grade Point Average (CGPA) is at or above a 3.0 for all graduate work attempted. A grade of D+, D, D- or F in any graduate level course cannot be applied toward any graduate program. A student who has attempted nine or more semester hours and falls below the 3.0 CGPA will be placed on one of the following probationary or dismissal statuses: Academic Probation, Academic Probation Continued or Academic Dismissal.

Academic Probation

A student in Good Standing who falls below a CGPA of 3.0 will be placed on Academic Probation. Under Academic Probation the student may continue to be enrolled for one additional semester. The student may continue enrollment after this probationary semester if:

The cumulative GPA is at or above 3.0, and therefore the student regains the status of Good Standing.
The term GPA is at or above 3.0 even though the CGPA remains under 3.0; such a student will be placed on Academic Probation Continued. A student on Academic Probation whose additional term GPA falls below 3.0 and who has a cumulative GPA below a 3.0 will be subject to Academic Dismissal. Academic Probation is based solely on GPA calculations. The only basis for appeal of this status is for calculation error and the appeal must be submitted in writing to the Registrar.

A student under Academic Probation whose probation semester results in a Term GPA at or above 3.0 but still has a CGPA below 3.0 will be placed on Academic Probation Continued. The student may continue enrollment after this probationary semester if:

The cumulative GPA is at or above 3.0, and therefore the student regains the status of Good Standing; or,
The term GPA is at or above a 3.0 even though the CGPA remains under a 3.0; such a student will remain on Academic Probation and be granted an additional probationary semester of enrollment. Academic Probation Continued is based solely on GPA calculations. The only basis for appeal of this status is for calculation error and the appeal must be submitted in writing to the Registrar.

Academic Dismissal

A student under the status of Academic Probation or Academic Probation Continued whose probation semester results in a term GPA below 3.0 and a CGPA below 3.0 will be placed on Academic Dismissal. Students placed on Academic Dismissal will not be allowed to continue enrollment and will be dropped from the graduate program. Furthermore, students who are academically dismissed are not eligible to reapply for admission as a Guest Graduate or in another program of study. Academic Dismissal is based on GPA calculations. Appeals to be reinstated under Academic Probation Continued must be submitted in writing to the appropriate dean.

Dean's List (Undergraduate Only)

The Dean's List is composed of degree-seeking **undergraduate students** who have met the following standards: A grade-point average of 3.62 or better in a given semester at Concordia-Chicago, good disciplinary standing and an academic workload of not less than 12 GPA semester hours (i.e., 12 hours beyond those taken on the Pass/Fail Grade

Option).

The Incomplete (I) Grade

An Incomplete (I) grade is a temporary grade requested by the student and approved by the instructor to postpone course work due to extenuating circumstances (e.g., illness, death in the family). An agreement must be made between the student and the instructor outlining the remaining work needed to complete the course by submitting the Incomplete Grade Authorization Form to the Office of the Registrar. This signed form and related documentation must be received by the Office of the Registrar by the appropriate deadline below.

Incomplete submissions, late submissions, or submissions for students who do not meet the criteria (good standing in the course and experienced/experiencing extenuating circumstances) will not be processed. Students must resolve the incomplete grade within six (6) weeks from the time the course has ended. Upon completion, the instructor will change the "I" to the appropriate letter grade by submitting the Change of Grade Form to the Office of the Registrar. If the student fails to complete the course work, a grade of "F" is recorded. Permission for additional time beyond the six-week deadline may be granted only with the approval of the instructor and the Registrar. Whether or not the student is enrolled during the following term has no effect upon this completion date. In the event that the original instructor is no longer available to grade the work, the Department Chair, where applicable, or the Dean will identify the faculty member who will resolve the incomplete.

Incomplete Grade Submission Deadlines

Semester/Session	Deadline
5-Week	Friday of week 4
8-Week	Friday of week 7
11-Week	Friday of week 10
16-Week	Friday of week 15

Intent to Graduate/Complete

Students planning to graduate/complete must submit an Intent to Graduate/Complete form in Concordia Connect. Failure to submit the form by this deadline will prevent consideration for graduation/program completion. An administrative graduation/completion fee will be assessed for each Intent to Graduate/Complete form submitted. The submission of the Intent to Graduate/Complete form initiates the program completion process, which includes a preliminary and final degree/program audit and mailing(s) of the transcript, diploma and/or certificate (if applicable). See the academic calendar for the Intent to Graduate/Complete deadlines.

All students who wish to be officially audited for degree/program completion must submit their Intent to Graduate/Complete application by the deadline for the term they wish to complete (please refer to the below table for these specific dates.). Students who miss the deadline have 10 days from the intent deadline to submit an appeal.

To submit an appeal students must complete the following process:

- 1) Submit the Intent to Graduate/Complete application for the open term.
- 2) Complete the "Intent to Graduate/Complete: Appeal" form (located in [Concordia Connect](#)) and submit the documentation/paperwork to the Office of the Registrar at Registrar@CUChicago.edu.

Finishing In	Application Opens	Deadline to File	Deadline to Appeal
Fall	June 2 nd	October 1 st	October 10 th
Spring	October 2 nd	March 1 st	March 10 th
Summer	March 2 nd	June 1 st	June 10 th

All appeals are carefully reviewed and researched before a decision is made. Please note **there is no guarantee that an appeal will be granted**. All decisions are final.

Students will be notified of the decision via their CUC email within 5 business days of the appeal being received by the Office of the Registrar.

Graduation

Degrees and programs are conferred, and diplomas and certificates are awarded at the end of each semester. Formal commencement ceremonies are held at the end of each Fall and Spring semester. Please refer to the communication plan regarding the timeline of the audit period and the receipt of the transcript, diploma, and/or certificate. Undergraduate students anticipating a summer graduation with 6 or less remaining credits are eligible to participate in the Spring Commencement Ceremony.

Graduation Requirements:

- File an Intent to Graduate/Complete form before the designated deadline.
- Complete the designated credit hours as detailed in the curriculum, relevant to the student's program.
- Attain the required cumulative GPA designated in the University catalog.
- Complete residency requirements.
- Students with transfer credit must also have official transcripts from all colleges attended on file.
- Please refer to the catalog for additional program-specific requirements.

Statement Regarding Student Records:

In accordance with our religious beliefs, Concordia University Chicago maintains the view that all official student data (including, but not limited to admissions applications, enrollment data, alumni records, and transcripts) and decisions (including, but not limited to housing assignments and the application of other residential policies) will reflect a student's biological sex.

Family and Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act of 1974 is a Federal law which states that:

- A written institutional policy must be established; and,
- A statement of adopted procedures covering the privacy rights of students be made available.

The law provides that the institution will maintain the confidentiality of student education records. Concordia University Chicago accords all the rights under the law to students who are declared independent. No one outside the institution shall have access to nor will the institution disclose any information from student's education records without the written consent of students except to personnel within the institution, to officials of other institutions in which students seek to enroll, to persons or organizations providing students financial aid, to accrediting agencies carrying out their accreditation function, to persons in compliance with a judicial order, and to persons in an emergency in order to protect the health and safety of students or other persons. All these exceptions are permitted under the act.

Within the Concordia- Chicago community, only those members, individually or collectively, acting in the student's educational interest are allowed access to student education records. These members include personnel in the Office of the Registrar, the Office of Financial Aid, the Office of Admission, the Office of the Dean of Students and academic personnel within the limitations of their need to know.

At its discretion the institution may provide Directory Information in accordance with the provisions of the Act to include:

- Student name
- Address
- Telephone number
- Major field of study
- Dates of attendance
- Enrollment status (full-time or part-time)
- Degrees and awards received
- The most recent previous educational agency or institution attended by the student
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams

Students may withhold Directory Information by notifying the Registrar in writing.

Request for non-disclosure will be honored by the institution for only one academic year; therefore, authorization to withhold Directory Information must be filed annually in the Office of the Registrar.

The law provides students with the right to inspect and review information contained in their education records, to challenge the contents of their education records, to have a hearing if the outcome of the challenge is unsatisfactory, and to submit explanatory statements for inclusion in their files if they feel the decisions of the hearing panels to be unacceptable. The Registrar at Concordia University Chicago has been designated by the institution to coordinate the inspection and review procedures for academic, cooperative education and placement records. Students wishing to review their education records must make written requests to the Registrar, listing the items of interest. Only records covered by the Act will be made available within 45 days of the request.

Students may have copies made of their records with certain exceptions; e.g., a copy of the academic record for which a financial hold exists, or a transcript of an original or source document which exists elsewhere. These copies would be made at the student's expense at prevailing rates. Education records do not include records of instructional, administrative, and educational personnel, which are the sole possession of the maker and are not accessible or revealed to any individual except a temporary substitute, records of the law enforcement unit, student health records,

employment records or alumni records. Health records, however, may be reviewed by a physician of the student's choosing.

Students may not inspect and review the following as outlined by the Act: financial information submitted by their parents; confidential letters and recommendations associated with admissions, employment or job placement, or honors to which they have waived their rights of inspection and review; or education records containing information about more than one student, in which case the institution will permit access only to that part of the record which pertains to the inquiring student. The institution is not required to permit students to inspect and review confidential letters and recommendations placed in their files prior to January 1, 1975, provided those letters were collected under established policies of confidentiality and were used only for the purpose for which they were collected.

Students who believe that their education records contain information that is inaccurate or misleading or is otherwise in violation of their privacy or other rights may discuss their problems informally with the Registrar. If the decisions are in agreement with the student's request, the appropriate records will be amended. If not, the student will be notified within a reasonable period of time that the records will not be amended; and they will be informed by the Office of the Registrar of their rights to a formal hearing. Student requests for a formal hearing must be made in writing to the university Provost who, within a reasonable period of time after receiving such requests, will inform students of the date, place and time of the hearing. Students may present evidence relevant to the issues raised and may be assisted or represented at the hearings by one or more persons of their choice, including attorneys, at the student's expense. The hearing panels which will adjudicate such challenges will be the Provost, the Dean of Students, and the Registrar.

Decisions of the hearing panels will be final, will be based solely on the evidence presented at the hearing, will consist of written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned. The education records will be corrected or amended in accordance with the decisions of the hearing panels if the decisions are in favor of the students. If the decisions are unsatisfactory to the students, the students may place with the education records statements commenting on the information in the records or statements setting forth any reasons for disagreeing with the hearing panels. The statements will be placed in the education records, maintained as part of the student's records, and released whenever the records in question are disclosed.

Students who believe that the adjudications of their challenges were unfair, or not in keeping with the provisions of the Act may request in writing assistance from the President of the institution. Further, students who believe that their rights have been abridged may file complaints with the Family Educational Rights and Privacy Act Office (FERPA), Department of Health, Education and Welfare, Washington D.C. 20201, concerning the alleged failures of Concordia University Chicago to comply with the Act.

Revisions and clarifications will be published as experience with the law and institutions policy warrants.

Through our process, we aim to promote individual growth, enhance ethical development and decision-making, and develop responsible citizenship.

Philosophy

Because Concordia University Chicago exists for the purpose of providing a Christian education, the Student Code of Conduct is designed to set for students the level of conduct acceptable for young men and women being educated within the framework of Christian freedom and responsibility. By voluntarily joining the Concordia-Chicago community, a student assumes the obligation of abiding by the standards that the University has instituted relevant to its mission, processes, functions, and goals. The University, at the same time, accepts the task of educating the students in assuming responsibility for their behavior, thus preparing them for responsible citizenship outside of the University community.

The Student Conduct Process is meant to promote stronger community and a supportive academic environment for the university. While we work ultimately to enhance the learning experience of students involved, it is also important to keep in mind how a student's actions affect the greater community.

As such, all students are expected to willingly cooperate with and submit to the regulations of the Student Code of Conduct. As all adults are responsible for the positive and negative consequences of their actions, those students found responsible for violations of the Code are also expected to adhere to the sanctioning they receive or jeopardize their affiliation as members of the community. Apathy or acquiescence in the presence of known violations of the Student Code of Conduct are not neutral acts; they also may be viewed as violations of the Code.

Concordia University Chicago is not a sanctuary from the law. Criminal and civil laws still apply within the academic community. Students who violate criminal codes put themselves at risk of criminal prosecution. The Student Code of

Conduct is also applicable to off-campus and electronic student behaviors. Therefore, the University reserves the right to hold students responsible for their off-campus and electronic behavior. Students are not exempt from proceedings which occur in both the criminal arena and the University's discipline system as clearly defined in the Student Code. The Code of Conduct contains the rules and regulations of the University relative to personal conduct. It further contains step-by-step procedures for the adjudication of conduct violations, appeal, and sanctioning.

Learning Objectives

Learning from one's choices is an important process in the development of a college student. As such, the disciplinary process is designed to be educational. A student's participation in the process might result in one or more of the following learning outcomes:

1. Students will identify the consequences of personal actions.
2. Students will understand and personalize the purpose of the Student Code of Conduct.
3. Students will consider the concepts of respect and rights for others when making decisions.
4. Students will consider the impact of current decisions on their academic and future professional endeavors.
5. Students will articulate personal ethics and values in relationship to a framework of Christian Freedom and Responsibility.
6. Students will learn to choose actions that are reflective of personal ethics and values.
7. Students will articulate rationale for personal behavior.
8. Students will learn the impact of individual choices in a community setting.
9. Students will understand their rights and responsibilities prior to an official hearing.

Student Code of Conduct Procedures

Student conduct procedures are enacted whenever there is a documentation of a concern reported by any member of the Concordia University Chicago community.

Filing an Incident Report

1. An incident report documenting the concern is submitted in person, over the phone or email to the Office of the Dean of Students. Incident reports can be generated in a variety of ways, such as:
 - a. Reporting the incident to the Department of Public Safety
 - b. Reporting the incident to the Department of Residence Life
 - c. Reporting the incident directly to the Dean of Students Office
 - d. Submitting an online general incident report at www.CUChicago.edu/incidentreport
 - e. Submitting a sexual misconduct (Title IX) report with a mandatory reporter via person, over the phone, email or online at www.CUChicago.edu/sexualmisconductreport
2. A team of professionals as designated by the Dean of Students reviews the report to assess the situation and determine the action that best supports the needs of the individual(s) involved as well as the community as a whole.
3. The reporting party is normally expected to participate in the review process as needed to provide greater understanding of the concerns. A reporting party who requests anonymity due to potential retaliation or potential harm will have their request reviewed by the Associate/Assistant Dean of Students per the policy regarding anonymity in reporting violations.
4. To maximize the University's ability to provide the necessary supportive actions, it is recommended that incident reports are submitted as soon as possible after the event takes place.

Incident Report Investigation

1. During the review process, should enough factual information be made available to deem support for potential responsibility of a violation by the student(s) involved, a case is created and is forwarded to a conduct meeting officer (CMO) for further investigation.
2. During the investigation phase, the CMO or designee will review all evidence and meet with witnesses, reporting and responding parties as necessary to develop a greater understanding of the incident.
3. The CMO will arrange a conduct meeting with the responding party to gain an understanding of their account of what happened. At the conduct meeting, the CMO will then explain the conduct process, outline the student's rights, clarify the preliminary charges, and provide an opportunity for conduct resolution. The CMO will make contact with the responding party via their Concordia-Chicago email account. The email and/or letter will state the following:

- a. The Student Conduct Code(s) that the student is alleged to have violated.
 - b. The date, time, and location of the conduct meeting
4. The reporting and responding party may have an advisor throughout the conduct investigation process, whether with a CMO or with the Conduct Hearing Committee. The advisor may only counsel the student and may not actively participate in the hearing unless clarification is needed as determined by the CMO. Notification of the presence of any advisor must be made within 72 hours of a scheduled adjudication conference or hearing. The student must declare who will be present and the advisor's relationship to the student during that time. If a declaration is not made within the defined time period regarding the inclusion of an advisor, the University reserves the right to deny such involvement.
5. All participants are expected to participate fully during the conduct process and provide an honest representation of the facts to the best of their ability. Individuals must make a good faith effort to meet with the Conduct Meeting Officer as needed and provide evidence in a timely manner as directed. Individuals who are disruptive, dishonest, participate in retaliatory behavior and/or provide detrimental interference during the Conduct Process may be subject to disciplinary action.

Informal Resolution with CMO: Conduct Meeting

1. During the conduct meeting, the responding party will have an opportunity to review all of the documentation and to share with the CMO his/her side of the situation and to make a declaration regarding his/her involvement. The meeting will follow these guidelines:
 - a. The student will receive an explanation of the conduct process and their rights.
 - b. The student will have the right to an advisor as outlined in the investigation phase.
 - c. The student will have the right of a conduct review before a Hearing Committee instead of the CMO. The exercise of this option by the student must be in writing and must grant full release of any information relevant from the CMO's investigation to the Hearing Committee.
2. If the responding party chooses to have a formal resolution conducted by a Hearing Committee, the current meeting will end and a new meeting will be established with the student within (10) ten business days to be held with the hearing committee (see "Formal Resolution with Hearing Committee").
3. If the responding party chooses to have an informal resolution conducted by the CMO, the student will have an opportunity to discuss their side of the case, review pertinent evidence, and to make a declaration of responsibility relating to his/her involvement in the incident. After all information has been reviewed, the student will declare him/herself to each of the alleged charges: Responsible or Not Responsible.
 - a. Should a responding party choose to declare him/herself **responsible**, the CMO will:
 - i. Have a conversation with the student regarding his/her involvement in the violation.
 - ii. Determine educational sanctioning that will best support the student to learn from the behavior –OR– postpone the sanctioning until any necessary fact finding is fulfilled that will weigh into the resolution of the case. Sanctioning will occur within ten (10) business days of the conduct meeting.
 - b. Should a responding party choose to declare him/herself **not responsible**, the CMO will:
 - i. Have a conversation with the student regarding his/her involvement in the violation.
 - ii. Allow the student to present any supporting evidence and discuss any additional witnesses that would support their declaration.
 - iii. Review all evidence and testimony and make a determination on a student's responsibility following the **Preponderance of Evidence** standard (more likely than not).
 - iv. Determine educational sanctioning that will best support the student to learn from the behavior within ten (10) business days of the conduct meeting.
 - c. Should a responding party choose to abstain from responding to charges, the CMO will continue to follow the process as outlined in point b.

Formal Resolution with Hearing Committee: Hearing

1. During the hearing process the Associate/Assistant Dean of Students will serve as the judicial administrator of the case to ensure the hearing procedures and due process rights of all parties are followed. The Associate/Assistant Dean of Students will not have a role in the outcome of the hearing and will be present only to ensure the integrity of the process and to provide assistance to all participants.
2. The reporting and responding parties will receive a notice from the Associate/Assistant Dean of Students outlining the hearing date, time, location, hearing committee members and pending charges with at least 5 business days advance notice of the hearing. As the reporting and responding parties prepare for the hearing, the Associate/Assistant Dean of Students will make him/herself available as a resource to answer any questions about the conduct process.
3. Consistent with the informal adjudication process, the reporting and responding party may have an advisor throughout the hearing review process. The advisor may only counsel the student and may not actively participate in the hearing, unless clarification is needed as determined by the Associate/Assistant Dean. Notification of the presence of any advisor must be made within 3 business days of a scheduled hearing. The student must declare who will be present and the advisor's relationship to the student during that time. If a declaration is not made within the defined time period regarding the inclusion of an advisor, the University reserves the right to deny such involvement.

4. Reporting and responding parties who believe that a conflict of interest/concern of bias may exist with a member of the hearing committee should submit their concerns to the Associate/Assistant within 24 hours of receiving notice of the members. The Associate/Assistant will make a determination on if a hearing committee member must be recused and an alternate selected.
5. The reporting and responding parties will have an opportunity to prepare evidence and arrange for witnesses to attend the hearing. All parties must submit a list of witnesses with their role in the case and evidence they intend to bring 2 business days prior to the hearing. The Associate/Assistant of Students reserves the right to block witnesses and/or evidence that clearly does not have role in the case. The Associate/Assistant Dean will provide to both the reporting and responding parties copies of witness/evidence information submitted.
6. The University Hearing Committee (UHC) will consist of three students, two faculty, one staff and one CMO, which are chosen and trained by the Dean of Students office. They will be chosen and trained as necessary when a student requests such a formal hearing. A chairperson will be selected from the committee that will officially preside over the hearing. Any person who is disruptive during the hearing or is noncompliant with the process can be removed/excluded from the hearing.
7. The chairperson shall determine what information the hearing committee can consider. Information will be considered if it directly relates to the facts of the incident report or appropriateness of a particular sanction. Formal rules of evidence shall not apply.
8. A responding party going before the UHC will be asked to make declaration of responsibility relating to their involvement in the incident. The student will declare him/herself: Responsible, Not Responsible, or abstain from responding.
9. The reporting and responding parties as well as the hearing committee may question all witnesses and review information accepted by the chairperson.
10. In determining responsibility for responding parties who pled not responsible, the hearing committee will use the **Preponderance of Evidence standard** (more likely than not).
11. The hearing shall be recorded and the recording shall be property of the University. The deliberations of the hearing committee shall remain private and will not be recorded as part of the hearing.
12. Victims of crimes of violence shall be notified of the resolution and sanctions.
13. Within three business days of the hearing, a meeting shall be scheduled by the Associate Dean of Students with the responding party regarding the outcome of the hearing. During that meeting, the Associate Associate/Assistant Dean of Students shall:
 - a. Discuss the finding of the hearing committee with the responding party
 - b. Explain the sanctions levied against the student, if applicable
 - c. Provide a signed letter from the chairperson of the hearing committee outlining the decision and sanctions
 - d. Outline appeal options for the responding party
14. The Dean of Students reserves the right to select another judicial administrator should the Associate/Assistant Dean of Students have material involvement or a potential conflict of interest with the case.

Decision Letter and Appeal Process

1. Upon the conclusion of either an informal resolution with a CMO or a formal hearing, a decision letter will be sent to the responding party within ten (10) business days. The decision letter will include: the charges for which a student is found responsible or not responsible, the sanctions assigned to the student including instructions and deadlines for the sanctions, and guidance on how to appeal the decision.
2. All appeals must be made in writing, via email or in letter form, within 72 hours of receiving the decision letter. Extensions of this deadline can only be granted by the appeals officer. Appeals cannot be submitted prior to the receipt of the decision letter.
3. Responding parties typically submit an appeal to the CMO's direct supervisor for review. The following appeal chain should be used to determine who receives the appeal: Resident Director -> Director of Residence Life -> Associate/Assistant Dean of Students -> Dean of Students. Appeals for hearing committee decisions will go to the Dean of Students.
4. To be considered for an appeal*, the alleged must outline in the appeal letter his/her justification for appeal. The appeals must allege facts supporting at least one of the following criteria:
 - a. Procedural error sufficient to have altered the outcome of the hearing;
 - b. New, previously unavailable facts;
 - c. Evidence exists that would support a claim that the alleged student was discriminated against; and/or
 - d. Excessive or inappropriate sanctions
 - e. *.When a student declares him/herself "responsible" to a Student Code of Conduct violation, appeals can be based solely on the grounds of excessive or inappropriate sanctions.
5. Appeals that are deemed by the appeals officer as failing to cite one or more criteria, or allege facts supporting at least one of the above criteria, shall be dismissed without further action.
6. During the appeal process, the reporting party maintains the right to know if the responding party has filed an appeal that will be considered for review and may be asked to participate in the review process. The reporting party's participation will be contingent on the criteria submitted for appeal.

7. An appeal that alleges the facts supporting one or more of the criteria is reviewed for merit. The appeal officer will make a determination if the facts presented would have a substantial impact on any part of the decision process. The appeal officer can then make the following determinations:
 - a. Uphold the original decision;
 - b. Overturn the original decision;
 - c. Modify the sanction(s); or
 - d. Remand for a new hearing/conduct conference.
8. If the appeal officer does not modify the decision or sanctions, the sanctions will be imposed as directed if previously held in abeyance.
9. The appeal officer reviewing the appeal has ten (10) business days in which to render a decision and notify the student.
10. Decisions of an appeal officer are final and cannot be appealed further.

In Absentia Policy

Students are expected to fully participate in all aspects of the conduct process. Students who are absent from any part of a scheduled conduct process are subject to the following terms:

- a. **Informal resolution:** A student who is absent from an informal CMO meeting will be given a second and final written notice from the CMO. Should a student miss the second CMO meeting, the CMO reserves the right to continue with the meeting without the student's input, make a determination on the case, add a charge of "Abuse of the Student Code Process" and sanction weighing the new charge.
- b. **Formal resolution:** The University hearing process will continue in the student's absence should a student miss the pre-arranged date/time of the hearing. The Associate Dean of Students can consider a hearing reheard should a student have extenuating circumstances that reasonably prohibited their ability to attend the hearing.
- c. **Appeals resolution:** The appeals officer can make a determination on the merits of the written appeal should a student be absent from the meeting.

Sanctions

Individuals, clubs or organizations that are found responsible for a violation of the Student Code of Conduct are subject to appropriate sanctioning. In deciding sanctions, several factors are considered, including but not limited to: present demeanor of student, previous conduct history, academic performance, the nature of the offense and severity of any damages, injury, or harm resulting from the accused student's actions as perceived by the victim and/or appropriate University Official or hearing officer.

No refunds of tuition, room or board charges, parking permit fees, or any other additional student-related charges will be provided to any student who has been found responsible for violating the Student Code of Conduct. The accused student may be placed on probation, suspended or expelled from the University and/or residence hall, or have rights restricted such as, but not limited to, parking on campus, restrictions from certain buildings, use of athletic facilities and/or participation in University sponsored events.

The primary role of the University is to create a safe environment that promotes an opportunity for students to learn, develop and grow. When students are found responsible for violations of the Code of Conduct, care is taken to ensure sanctions provide an educational outcome. CMOs work closely with students and/or groups in coming up with sanctions that meet these educational outcomes, are equitable, weigh community needs to ensure it is safe and deter the behavior from occurring again.

In determining sanctions, several factors are considered including but not limited to: cooperation with the judicial process, previous conduct history, educational needs of the student, the nature of the offense, severity of any damages, injury, or harm resulting from the accused student's actions as perceived by the victim and/or appropriate University Official or hearing officer.

No refunds of tuition, room or board charges, parking permit fees, or any other student related charges will be provided to any student whose responsibility in violating the Student Code of Conduct results in sanctions restricting access, housing or enrollment.

1. **University Warning:** Official written notice that University does not condone the violation and that further violations will likely result in additional or more severe disciplinary action.
2. **Restriction, Ban and/or Loss of Privileges:** Denial or restriction of specified privileges/access for a designated period of time or permanently.
3. **Discretionary Sanctions:** Discretionary sanctions are assignments that meet certain educational outcomes or attempt to repair the damage caused from the student's behavior. These can include but are not limited to: work assignments, written assignments, community service, development and implementation of a program/bulletin board, participation in alcohol/drug education, or sanctioned medical evaluation.
4. **Restitution:** Compensation for loss, damage or injury. This may take the form of appropriate service and/or monetary or material replacement.
5. **Fines:** Fines may be imposed for violations of rules or failure to meet specific obligations.
6. **Residence Hall Reassignment:** A housing reassignment to a different residence hall floor or building.

7. **University Probation:** A written statement indicating to the student, club or organization that their action(s) have resulted in a pattern of behavior and/or is severe enough that it warrants concern for the student's continued involvement within the University community. Probation is a status that is placed on the student's account for a time frame as determined by the hearing officer. During the probationary status, students, clubs or organizations are placed in poor disciplinary standing with the University.

The following extensions of probation may also be imposed at the sanctioning body's discretion:

- a. **Individual Probation w/ restrictions:** This can include restriction from representing the University in any public performance, sporting event, intramural event, committee, any student government office or any recognized student organization.
 - b. **Club/organization probation w/ restrictions:** Clubs or organizations could lose officially recognized University status as a student group for the probation period, which would restrict them from access to University funds for activities or utilizing University space for meetings and/or programming.
 - c. **University Suspension:** This is separation of the student, organization or club from the University for a specified period of time, conditional upon reapplication through the Dean of Students. Upon suspension, a student is denied admission to the University, is excluded from participation in classes and other University activities, and is restricted from University premises. A student who is suspended must forfeit his/her I.D. card. Clubs or organizations have no rights and will not be sanctioned or recognized for action or meeting on campus while suspended. Conditions for re-enrollment may be specified.
8. **Residence Hall Expulsion:** This is a permanent separation of the student from University residence halls. No refund of room/board charges will be returned to the student.
 9. **University Expulsion:** This is a separation of the student, club or organization from the University on a permanent level. Upon expulsion, a student is denied admission to the University, is excluded from participation in classes and other University activities, and is restricted from University premises. A student who is expelled must forfeit his/her I.D. card. This is recorded on the student's personal record.
 10. **Revocation of Admission and/or Degree:** Admission to, or a degree awarded from the University may be revoked for fraud, misrepresentation or for other serious violations committed by a student prior to beginning classes or graduation.
 11. **Withholding Degree:** The University may withhold awarding a degree otherwise earned until the completion of the process set forth in the Student Code of Conduct, including the completion of all sanctions imposed, if any.

Policy Regarding Anonymity in Reporting Violations of the Student Code

In situations where potential retaliation would be deemed as possible for reporting a violation, the identity of the witness can be held as confidential from the person accused. While an author of the report is required to properly process the report, in cases that are deemed necessary for anonymity, the complainant's name will be deleted from the actual reports that are reviewed by the "alleged student." The determination for anonymity is made by a Conduct Meeting Officer, the Associate Dean of Students, and/or the Dean of Students and the witness. All such decisions are made with the safety and best interest of the witness and the community in mind.

Regarding Victim's/Survivor's Needs

The University will not voluntarily release a victim's name to the public or media except as required by law. Further, University staff will, upon request by the victim:

1. Meet with a victim privately, at a reasonable place of his/her choice, to discuss the situation in a confidential manner;
2. Treat a victim with courtesy, understanding and professionalism;
3. Assist a victim in privately contacting counseling, advising and other available resources should the victim request such;
4. Arrange for the accused or any persons acting on the accused's behalf to not have contact with the victim;
5. Continue to be available to the victim to answer questions, explain the systems and processes involved, and be a willing listener;
6. Keep him/her informed on the progress of the case as allowed by law and policy;
7. Respond to requests for assistance regarding University housing from the Office of Housing and Residence Life, including a request to change housing assignments or to leave University housing with a pro-rata refund of any balance regarding room and board;
8. Assist with requests for assistance to Dean of Students office to receive academic relief or other exceptions to current academic regulations;
9. In cases of sexual assault or crimes of violence, notify a victim of the outcome of any conduct proceedings;
10. Arrange, at the discretion of the conduct officer, an alternative to giving a statement in a face-to-face setting; and
11. Arrange for the victim to have the opportunity to make a statement concerning the impact of the incident on his or her life in the hearing.

Anti-Discrimination and Anti-Harassment Policy

Concordia University Chicago does not discriminate, or tolerate discrimination, against any member of its community on the basis of race, color, national origin, ancestry, sex, age, religion, disability, pregnancy, veteran status, marital status or any other status protected by applicable federal, state or local law in matters of admissions, employment, or in any aspect of the educational programs or activities it offers.

Harassment, whether verbal, physical or visual, that is based on any protected characteristic(s), is a form of discrimination. This includes harassing conduct affecting tangible work or educational benefits, interfering unreasonably with an individual's job or academic performance, or creating what a reasonable person would perceive is an intimidating, hostile or offensive work or learning environment.

Examples of discrimination and harassment may include (but are not limited to):

- Refusing to offer educational opportunities to someone because of the person's protected status;
- Making a grading decision because of the person's protected status;
- Jokes or epithets about another person's protected status;
- Teasing or practical jokes directed at a person based on his or her protected status;
- The display or circulation of written materials or pictures that degrade a person or group based upon a protected characteristic; and
- Verbal abuse or insults about, directed at, or made in the presence of an individual or group of individuals in a protected group.

Additional information regarding the University's prohibitions against sex discrimination (including sexual harassment, sexual assault and sexual violence) and disability discrimination are set forth below.

It is the policy of the University to provide a work and educational environment free of all forms of sex discrimination, including but not limited to unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment, as defined in this policy and as otherwise prohibited by state and federal statutes. Sexual harassment, including acts of sexual assault and sexual violence, is a form of sex discrimination and is prohibited by the University. This prohibition against discrimination on the basis of sex applies to all students, faculty and staff, to other members of the University community, and to contractors, consultants, and vendors doing business or providing services to the University.

Prohibited conduct includes all forms of sex discrimination and sexual harassment, as well as sexual assault, sexual violence, domestic violence, dating violence and stalking. Sexual harassment, which includes sexual assault and sexual violence, may take many forms.

Policy Regarding Violations of the Law and University Discipline

Concordia University disciplinary proceedings may be instituted against a student charged with conduct that potentially violates both the criminal law and the Student Code of Conduct (that is if both possible violations result from the same factual situation) without regard to the pendency of civil or criminal litigation in court or criminal arrest and prosecution. Proceedings under the Student Code of Conduct may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the Dean of Students. Determinations made or sanctions imposed under the Student Code of Conduct shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of the University rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.

Furthermore, when a student is charged by federal, state or local authorities with a violation of law, Concordia University Chicago will not request or agree to special consideration for the individual because of his or her status as a student. If the alleged offense is also being processed under the Student Code of Conduct, the University may advise off-campus authorities of the existence of the Student Code and of how such matters are typically handled within the community.

The University will attempt to cooperate with law enforcement and other agencies in the enforcement of criminal law on campus (provided that the conditions do not conflict with campus rules or sanctions, FERPA or any other local, state or federal laws). Individual students and other members of the University community, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

Alcohol, Drugs, and Weapons

Alcohol, Marijuana, and Controlled Substances Policy

As a university affiliated with the Lutheran Church—Missouri Synod, Concordia University Chicago expects all students to behave in a mature and responsible manner. Thus, the University encourages every student to consider the implications of drinking and/or drug use before making decisions about consumption/possession/use. When a student fails to follow the Alcohol, Marijuana and Controlled Substances Policy, the University considers such a violation to be serious.

Alcohol:

In observance with the laws of Illinois and the ordinances of village of River Forest, no person under the age of 21 may purchase or attempt to purchase or have in his or her possession, any alcoholic or intoxicating beverage on University premises or at University activities. Students found presenting false identification or taking other steps to acquire alcohol as a minor will be subject to disciplinary sanction under the Concordia University Chicago Student Code of Conduct.

Intoxication of any student under the legal age of 21 is a violation of the Student Code of Conduct. Furthermore, regardless of age, intoxication of any student that leads to disruptive or destructive behavior is considered a violation of the University's Alcohol, Marijuana, and Controlled Substances Policy and the Student Code of Conduct. Lastly, purchasing or providing alcohol to minors or for intoxicated individuals is a serious matter and students found responsible for such actions will face sanctioning through the Student Code of Conduct.

Concordia University Chicago encourages moderation regarding the use of alcohol, for those of legal age who choose to drink. The University strongly asserts that choosing not to drink is as socially acceptable as choosing to drink. Excessive drinking and intoxication will not be tolerated. Members of the Concordia University Chicago community who choose to drink will be held fully responsible for their behavior while under the influence of alcohol. Loss of control due to intoxication does not excuse or justify violation of State Law, University regulations or the rights of others.

Marijuana:

The Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226, require that, as a condition of receiving funds or any other form of financial assistance under any Federal program, an institution of higher education must adopt and implement a program to prevent the unlawful possession, use, or distribution of state and/or federal illicit drugs and alcohol by students and employees. Concordia University Chicago supports this requirement and will maintain a drug-free environment in the workplace, on the campus, and for all University-sponsored events. Medicinal marijuana is also prohibited on campus or at any University-sponsored event per the *Medical Marijuana policy*.

Furthermore, regardless of age, marijuana intoxication of any student that leads to disruptive or destructive behavior is considered a violation of the University's Alcohol, Marijuana and Controlled Substances Policy and the Student Code of Conduct. Lastly, purchasing or providing marijuana to minors or for intoxicated individuals is a serious matter and students found responsible for such actions will face sanctioning through the Student Code of Conduct.

Controlled Substances:

Purchase, sale, use, possession, manufacturing or distribution without prescription of any controlled substance or narcotic, or the unauthorized or illegal purchase, sale, use, possession or distribution of prescription drugs on University premises, in University-owned vehicles or at off-campus University-sponsored events is strictly prohibited. Furthermore, the purchase, sale, use, possession, or distribution of any paraphernalia for the illegal use of controlled or prescribed

substances is also prohibited by the Student Code of Conduct.

Off-campus activities and events that are sponsored by the University extend our campus policies to locations in which such activities or events are being held. As such, the use of alcohol, marijuana or controlled substances at any University event, program or activity that involves traveling off campus, including but not limited to activities, sporting events, tours, volunteer opportunities, academic-related course work or recruiting without prior authorization and approval is strictly prohibited and will be addressed through the Student Code of Conduct.

Concordia University Chicago reserves the right to notify parents/guardians of dependent students who are found responsible for violating the University Alcohol, Marijuana, and Controlled Substances Policy. Concordia University Chicago also reserves the right to designate which University officials have a need to know about incidents that fall within this policy, pursuant to the Family Educational Rights and Privacy Act (FERPA).

Dry Campus Policy

Use, possession, manufacturing, and/or distribution of alcoholic beverages and possession of alcohol containers on University premises is prohibited.

Alcohol at Special Events Policy

Consumption of alcoholic beverages by those who are 21 years of age or older, on University premises, is permitted ONLY at those events or locations that have been expressly approved by the University administration and ONLY in those locations for which the University has designated. Approval for alcohol service at events sponsored by University departments must be obtained from the appropriate Director, Dean, Vice President, or the University President. University funds will not be used to pay for any portion of an event at which alcohol may be served to or consumed by minors.

Medical Marijuana Policy

Concordia University Chicago prohibits the possession or use of all cannabis, cannabis products, or any substances containing THC (tetrahydrocannabinol) on campus, or at any University-sponsored event or activity off campus. This prohibition includes the possession and use of medical marijuana. The Compassionate Care Act, an Illinois law that permits the use of medical marijuana by persons possessing lawfully issued medical marijuana cards, also states: "Nothing in this Act shall prevent a university, college, or other institution of post-secondary education from restricting or prohibiting the use of medical cannabis on its property."

Additionally, Concordia University Chicago is required to certify that it complies with the Drug-Free Schools and Campuses Act (20 U.S.C. 1145g part 86 of the Drug and Alcohol Abuse Prevention Regulations). The federal government regulates drugs through the Controlled Substances Act (21 U.S.C. A 811) which does not recognize the difference between medical and recreational use of marijuana. Thus to comply with the Federal Drug-Free School and Campuses Act, Concordia University Chicago prohibits all cannabis use, possession, manufacture or distribution.

Medical Amnesty Policy

In cases of intoxication, alcohol poisoning, an overdose or adverse reaction, health and safety are the University's primary concerns. Individuals are strongly encouraged to call for medical assistance for themselves or others who may be in danger. No student seeking medical treatment for alcohol or drug use will be subject to University disciplinary action for the sole violation of using alcohol or other drugs so long as the student completes all education and counseling programs recommended by the University. This policy extends to a student seeking help for another student.

Smoke-Free Policy

To protect the health and safety of students, faculty, staff and visitors on campus, and to create a cleaner and more sustainable campus environment, the campus of Concordia University Chicago campus is smoke-free. "Smoking" refers to the carrying, smoking, burning, inhaling or exhaling of any kind of lighted pipe, cigar, cigarette, electronic smoking devices (including vaping, e-cigarettes and vaporizers), hookah, cannabis, herbs, leaf-like substances, and/or lighted smoking equipment. All forms of smoking are prohibited and may be subject to confiscation and/or disposal.

Scope of Policy:

Smoking as defined above is prohibited on all property owned or leased by Concordia University Chicago, including (but not limited to):

- All interior space on campus;
- All outside property or grounds owned by the University, including areas such as walkways, parking garage and parking lots, and patios;
- All vehicles leased or owned by the University;
- All personal vehicles while on University property;
- All indoor and outdoor athletic facilities.

The Drug-Free Schools and Communities Act prohibits cannabis use, possession and/or cultivation at educational institutions or on the premises of any institution that receives federal funds. Medicinal marijuana is also prohibited on-campus or at any University-sponsored event per the Medical Marijuana policy.

This smoking policy applies to all faculty, staff, students, guests, and vendors who visit Concordia University Chicago.

Consequences for any violation of this policy include, but are not limited to warnings, fines, confiscation, and/or removal from campus.

Weapons

Possession of firearms, explosives (including fireworks), other weapons (including, but not limited to BB guns, pellet guns, slingshots, airsoft guns), or dangerous chemicals on Concordia University Chicago premises or use of any such item, even if legally possessed, in a manner that harms, threatens, or causes fear in others.

Knives and other similar blades will be assessed on a case-by-case basis. Knives used for kitchen and dining use are permitted on campus. Four inch and less blades are legal to carry concealed. Hunting knives, swords, large pocketknives, and other large blades should not be brought on campus. Any knife that is deemed to be a concern for the safety of the individual or others will result in disciplinary action and/or confiscation of the knife.

Additional Campus Policies

Audio and Video Recording Policy

Concordia University Chicago values open and honest communication and respects the privacy of our community members. Therefore, in settings in which the parties involved have a reasonable expectation of privacy, audio and/or video recordings of conversations, interviews, phone calls, meetings or other activities are prohibited, without the express verbal or written consent of all parties involved. Sharing, transmitting, publishing, and/or arranging for others to produce or disseminate surreptitiously recorded communications is also a violation of this policy.

This policy is not intended to govern security cameras, the recording of approved athletic events, music events, theater events, lectures, presentations, or any other public activities on campus.

Self-Harm Policy

The purpose of this policy is to outline the basic steps that the University will generally follow when significant information of student self-harming behavior is received. This policy does not establish the University as the expert authority on self-harming behaviors, and on a situational basis, states that the institution may defer to local mental health experts for assessment and treatment recommendations. Similarly, the University's policy is not a substitute for other student personal relationships, including parent-student relationships and student-peer relationships, which necessarily are, and must be, the primary protection against self-harming behaviors.

Concordia University Chicago (CUC) seeks to foster a campus community free from all personal abuse, whether that abuse is directed at oneself or others. CUC commits its resources to the following two-fold process: 1) to provide crisis intervention and 2) to educate and promote discussion about self-abuse and violence.

Definition: For the purpose of this policy, suicide is the purposeful act of causing one's own death. Attempted suicide is the act, threat, or gesture in which a person engages in life-threatening behavior(s) with the intent of jeopardizing his/her life.

The goal of educational programming offered by various units in the Division of Student Success is to promote understanding concerning the dynamics and recognition of self-harming behaviors that may signal suicidal intent. Periodic programming will address issues of depression, general mental health issues, stress and other topics related to student concerns. These collaborative educational efforts will involve staff from the areas of Residence Life, the Counseling Center, the Dean of Students, and other staff who work with students on a regular basis.

The University's intervention efforts begin with the Vice President for Student Success who may rely, in part, on the expertise of the staff of the Counseling Center. Other University professional staff members will collaborate as needed to help individuals experiencing difficulties to remain in the University community as safely as possible. In cases where there is a concern that a residential student might put him/herself at risk, or place other members of the community at risk, the University may require the student to remain off campus until he/she has completed a psychological assessment with a licensed professional counselor.

Sexual Misconduct

Any form of sexual misconduct (e.g., gender-based discrimination, sexual harassment, sexual assault or sexual violence) by an employee, student or CUC community member is contrary to Concordia University Chicago policy, will not be tolerated, and is subject to appropriate disciplinary action. CUC has a responsibility to its community to address sex- and gender-based harassment in accordance with Title IX, VAWA (Violence Against Women Act) the federal government's Office of Civil Rights (OCR), Department of Justice (DOJ), Department of Education (DOE) and the State of Illinois Attorney's General office.

Statement on Marriage and Sexuality

Concordia University is a Christian institution of the Lutheran Church—Missouri Synod where our beliefs and values guide

our practice and policy. We believe that God wonderfully and immutably creates each person as male or female. These two distinct, complementary genders together reflect the image and nature of God (Gen. 1:26-27). We believe that the term *marriage* has only one meaning: the uniting of one man and one woman in a single, exclusive union, as created by God and defined in Scripture (Gen. 2:18-25; Matt. 19:4-6). We believe that God designed sexual intimacy to occur only between a man and a woman who are married to each other and has commanded that no intimate sexual activity be engaged in outside of His marriage estate (Matt. 15:18-20; 1 Cor. 6:9-10, 18; 7:2-5; Heb. 13:4). We believe all sins against God's marriage estate are to be called to repentance so that the sinner may be separated from the sin, rejoice in God's forgiveness, and delight in God's holy designs for human sexuality (Matt. 4:17; Rom. 13:13; 1 Cor. 6:9-11, 18; Eph. 5:5, 11).

Sanctity of Life

CUC upholds the sanctity of life for the unborn and all living. Human life is not an achievement. It is an endowment. It has measureless value, because every individual, at every stage of development and every state of consciousness, is known and loved by God (Ps 139:16; Job 31:15; Jer 1:5). This is the source of human dignity and the basis for human equality. Human life is God's gift (Isa 46: 3-4). Christians are to engage in the various occupations and vocations that constitute and support human communities and meet human needs. Caring for the unborn and all living through the various stages of life is a critical contribution to the welfare of society. Jesus instructs us to help people in their various needs (See Matt 25:31-46). Therefore, we believe that we have an obligation in our vocations as Christians to assist, protect, and give voice to the weak, the sick, the aged, the young, the unborn, and all who need defending (Gal 6:2, 10; Phil 2:1-4).

Racism

CUC upholds that racism and all its manifestations are sin. All people are equally created by God and descendants of Adam and Eve through the line of Noah, and all are equally accountable to God (Rom 3:10; 3:23). The Lord creates and sustains His creation equally and so we give honor to the Father "from whom every family in heaven and on earth is named" (Eph 3:15). The Son by his incarnation and sacrificial death gave value and dignity to every human being and calls on the Spirit to bring about true repentance, renewal of life, and genuine unity among all. The Holy Scriptures remind us that heaven will consist "of all nations, tribes, peoples, and tongues, standing before the throne and before the Lamb, clothed with white robes, with palm branches in their hands..." (Rev 7:9). CUC encourages work toward racial reconciliation and equality within our community and society at large. We pray that those who advocate racist ideologies and those who are deceived by them be brought to repentance, and that justice and healing come to those who have been wounded.

Immigration

CUC upholds that God calls us to care for the needy with a love that knows no worldly or national boundaries. The Scriptures teach that mercy is to extend outward in defense of those in need, particularly those who are vulnerable (Deut 15:11; Isa 1:17; Jas 1:27). The Old Testament and New Testament teach us to be mindful of the needs of our neighbors. Neighbors are defined as those who are around us, regardless of economic status or national identity. Immigrants are, quite simply, neighbors. As neighbors, immigrants fall under the Law of God, which calls us to love our neighbor as ourselves (Matt 22:39; Mk 12:31) and to care for all (Rom 13:10; Gal 5:14; Jas 2:8). The Scriptures provide a biblical consensus that we are to provide for immigrants, aliens, and strangers (Lev 19:9-10; 19:33-34; cf. Lev 19:18). It is a part of Christian vocation to give aid to immigrants regardless of their legal status, and we do so while mindful of the laws that govern us and our God-given duty to submit to those laws.

We believe that every person must be afforded compassion, love, kindness, respect, and dignity, as defined by Christ Jesus (Mk 12:28-31; Lk 6:31), and that the call to repentance is carried out as confession of that love and compassion. Hateful and harassing behavior or attitudes directed toward any individual are to be repudiated and are not in accord with Scripture, the doctrines of the LCMS, or University policy.

We believe that to preserve the function and integrity of the University, and to provide a biblical role model to the University's students, we as employees of the University must reflect these beliefs in our public lives. (Matt. 5:16; Phil. 2:14-16; 1 Thess. 5:22).

Campus Policy for Personal Transportation Devices – motorized and non-motorized

Included transportation devices: bicycles, scooters, hover boards, skateboards, roller skates or blades, e-scooters, electric bicycles, (wheeled vehicles with human or mechanical propulsion) with or without battery or fuel motors.

Excluded transportation devices: American with Disability Act (ADA) compliant medical transportation aids [or equipment]. Campus approved maintenance vehicles.

Motorized

- To maintain the safety and comfort of all individuals on campus, the Concordia University Chicago prohibits the use of e-scooters and other motorized personal transportation devices on university premises and in university facilities.

Non-motorized

- Riding bikes, skateboards, self-propelled scooters, and other recreation and transportation devices inside

University buildings, or the outside athletic areas (track and field, baseball field, softball field) or the parking structure is not permitted.

- Bikes, skateboards, and self-propelled scooters are permitted in other outdoor areas (not listed above), but riders are responsible for doing so in a controlled manner. For the purposes of this policy, riding in a controlled manner means being able to easily stop, and to easily avoid people and structures. Performing tricks and stunts on recreation and transportation devices is not riding in the controlled manner and is not permitted on campus.

The placement or storage of these transportation devices on university premises or in university facilities must be in the bike room (basement of Brohm Hall), locked to bike racks, personal residence hall room, or personal office space. Unattended motorized devices left in public areas (hallways, stairwells, sidewalks) may be removed by Public Safety or university staff for the safety of the campus community.

Student violations of this policy will be referred to the Dean of Students Office. Employee violations will be referred to Human Resources.

Parental Notification - Emergency Exceptions to Confidentiality

Suicidal situations are highly individualistic. The primary goal is the student's safety. To achieve this, appropriate family members will be contacted as deemed necessary, under the direction of the Vice President for Student Success, to promote safety of the student and others whose health, life or safety may be endangered. The Family Education Rights and Privacy Act (FERPA, 34 CFR 99.36) provides for release of normally protected student data when it is believed that the student represents a health or safety risk to self or others.

Parental and Legal Guardian Notification Policy

The University does not take on a parental role in relation to its students but rather assumes that the students are young adults who can make their own decisions and take basic responsibility for their own lives. Thus, communication from the University is directed to the students. That being stated, there are instances in which the University will provide parental/guardian notification. The University has adopted the following policy regarding parental notification:

In cases involving serious injury, imminent threat of injury to self or others, and in emergency situations, the University may notify the parents or legal guardians of a student. The decision to contact parents or guardians will be made at the discretion of the Dean of Students, the Associate Dean of Students, or the Director of Residence Life.

These individuals have the authority to determine when and by what means to notify parents or legal guardians when students under the age of 21 are found to have committed serious or repeated violations of the Student Code of Conduct related to the possession, use, or distribution of alcohol or drugs.

The following guidelines will be used in determining whether to notify: Notification of Parents/Legal Guardians is indicated when:

- The student caused or threatens harm to him or herself or another while under the influence of alcohol or other drugs.
- The student was found to be responsible for vandalism or other destruction of property while under the influence of alcohol or other drugs.
- The violation involved an arrest in which the student was taken into custody.
- The violation resulted in or could result in the student being suspended from the University and/or dismissed from the residence halls.
- The student has shown a pattern of violations associated with drug or alcohol use.
- The student who committed the violation became physically ill and/or required medical intervention as a result of consumption of alcohol and/or drugs.
- The student has been found to be responsible for the improper use of prescription medication with the intent to cause self-harm, possessing prescription medications without the approval of a physician, and/or distributing prescription medications to other members of the community.

Parents or guardians will be contacted by the Dean of Students or his or her designee. Whenever possible, students will be notified in advance that their parents or guardians will be contacted.

Title IX and Sexual Misconduct

Title IX Policy

Title IX of the Education Amendments of 1972 is a federal law that prohibits discrimination on the basis of sex in federally funded education programs and activities, including but not limited to athletic programs that receive federal funding.

Title IX States

"No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance." (20 U.S.C. Sec. 1681).

Title IX Policy and Grievance Procedures apply to complaints of sexual misconduct, including sexual harassment, sexual assault and sexual violence, carried out by employees, faculty, students and third parties in all University programs and activities. Gender discrimination includes any discriminatory actions based on gender, including discrimination toward students or employees who are in a protected status based on gender, such as marital, pregnancy, or parenting (within about six months after birth or arrival). The University will address all Title IX and VAWA complaints, regardless of where the conduct occurred, to determine whether the conduct occurred in the context of its educational program, had continuing effects within the University community, and/or in an online or off-campus program or activity.

In addition to an investigation into the reported violation, the University is compelled to take steps to prevent recurrence of sexual misconduct and to correct its discriminatory effects on the complainant and others (if appropriate).

Sexual Misconduct

The term "sexual misconduct" includes, but is not limited to: gender discrimination, sexual harassment, nonconsensual sexual contact or intercourse (or attempts to commit same), dating violence and domestic violence (often referred to as interpersonal violence (IPV)), stalking and sexual exploitation. This policy applies no matter where the misconduct occurred (e.g. on-campus, off-campus, online).

Sexual Harassment includes, but is not limited to:

- unwelcomed sexual advances,
- requests for sexual favors,
- unwelcomed touching or fondling,
- a visual display of a sexually disturbing nature,
- stalking,
- veiled suggestions of sexual activity,
- offensive comments, jokes, innuendoes and other statements of a sexual nature,
- the use of risqué jokes, stories or images, and
- all other verbal or physical conduct of a sexual nature or against an individual's protected status(es), like pregnancy, when
 - submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or a term or condition of an individual's grade, recommendation, housing, or participation in any educational program or opportunity (quid pro quo); or
 - such conduct has the purpose or effect of creating an intimidating, hostile or offensive working, living or learning environment or unreasonably interfering with an individual's work or academic performance, academic studies, residential environment or other educational opportunities.
- Conduct that constitutes sexual harassment may vary depending upon the particular circumstances. Sexual harassment is not limited to physical acts but includes all acts of harassment based upon a person's gender. Sexual harassment could include inappropriate personal attention given to any employee or a student or an applicant by a supervisor, an instructor, a professor, a student, or any other member of the faculty, any officer or any other person. It may also include behavior that may be experienced as intimidating or offensive, particularly when it recurs or one person has authority over the other.
- Nonconsensual Sexual Contact: Any sexual touching, however slight, with any object, by a man or a woman upon a man or a woman, without effective consent. This can include, but is not limited to, intentional contact with another person's breasts, buttock, groin or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts.
- Nonconsensual Sexual Intercourse: Any sexual penetration (anal, oral or vaginal), however slight, with any animal or object (penis, object, tongue or finger), by a man or woman upon a man or a woman, without effective consent.
- Dating violence: A pattern of abusive physical, verbal, emotional and sexual behaviors used to exert power and control over a dating partner. This can include the use of technology and/or social media networking to intimidate, harass, or threaten a current or ex-dating partner.
- Domestic violence: A pattern of abusive physical, verbal, emotional and sexual behaviors used to exert power and control over a spouse, an adult with whom the person resides or formally resides, or an adult with whom the person has a child in common.
- Stalking: Engaging in a course of conduct, repeated threats or harassment directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others; or suffer substantial emotional distress. Stalking includes, but is not limited to: spying on or following a target, sending unwanted items (like presents or emails), obtaining unwanted or inappropriate access to the target's physical location, or mail, email or social media account(s).
- Sexual Exploitation: Occurs when an individual takes or attempts to take nonconsensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses. Examples of sexual exploitation include, but are not limited to:

- nonconsensual video or audiotaping of sexual activity,
- prostituting another person,
- going beyond the boundaries of consent,
- attempting to view directly, or through electronic means, another individual in a state of undress,
- the sharing of sexually exploitive media, and
- Knowingly transmitting an STD to another person.

Definition of Effective Consent

Sexual misconduct is any form of actual or attempted sexual activity perpetrated upon a person without the consent of that person and against that person's will. Consent is "a freely given agreement to the act of sexual penetration or sexual conduct in question, and a person who initially consents to sexual penetration or sexual conduct is not deemed to have consented to any sexual penetration or sexual conduct that occurs after he or she withdraws consent (720 ILCS 5/11-1.70(c))."

Consent cannot be given if the individual is:

- Under the influence of drugs or alcohol,
- A minor (age of consent in Illinois is 17 years),
- Mentally impaired (any age),
- Bullied, coerced or threatened, and/or
- Asleep or unconscious.

These actions do not constitute present consent:

- Lack of verbal or physical resistance,
- Lack of submission due to the use, threat or perceived threat of force,
- Lack of the word "no",
- Manner of dress,
- Prior consent to previous sexual activity, or
- Prior consent to engage in sexual activity with another person(s).

Any time sexual activity takes place between individuals, those individuals must be capable of controlling their physical actions and be capable of making rational, reasonable decisions about their sexual behavior. Administering alcohol or drugs to another person for the purpose of inducing incapacity is a violation of this policy. If you have sexual activity with someone you know to be or should know to be mentally or physically incapacitated, you are in violation of this policy and may be in violation of the law.

Consent can be withdrawn at any time.

Use of alcohol or other drugs will never function to excuse behavior that violates this policy.

Mandatory Reporters and Confidential Advocates

To satisfy both the Title VII and Title IX requirements of the Civil Rights Act of 1964, the University will apply a simple rule that most employees must report all behaviors and incidents witnessed or disclosed to them covered by these laws. Mandatory Reporters are most University employees (including professors, staff, advisors, RAs, student workers and coaches) who are legally required to report incidents of sexual misconduct to a Title IX Coordinator. Mandatory reporters must share the basic facts of the experience with the Title IX Coordinator. Once reported to the Title IX Coordinator, he/she will be available to assist the reporting party in understanding the process and options, and inform him/her of resources available both on and off campus.

Mandatory reporters who fail to report sexual misconduct about which they have witnessed or been made aware are subject to disciplinary measures which could include termination.

Confidential advocates are employees/resources who are not required to report the incident to the University or the police, unless the victim is a minor or mentally impaired, or there is a risk of danger to self or others (see ANCRA). CUC counselors, clergy (while acting in their role as clergy) and sexual violence victim advocates (e.g. Pillars) are confidential resources. Reporting parties can discuss options and how to proceed with a confidential resource to make a decision that feels best for each individual. Information disclosed to confidential resources will only be shared with the Title IX Coordinator with written consent.

In accordance with Title IX, the President of the University has designated the following Title IX Coordinator(s) as the primary contacts responsible for coordinating compliance with Title IX.

Title IX Coordinator Responsibilities and Duties

The Title IX Coordinator is responsible for coordinating the University's efforts to comply with the University's Title IX responsibilities, which include overseeing the University's response to reports of Title IX violations, and identifying and addressing any pattern of systemic problems. These action steps may include informal processes or formal investigations. The Title IX Coordinator is responsible for implementing and monitoring compliance with Title IX, the Jeanne Clery Act (along with CUC Department of Public Safety), VAWA (Violence Against Women Act) and Illinois law on behalf of the University. This compliance includes the coordination of training of Mandatory Reporters and Confidential Advocates, education, communications and administration of the complaint and grievance procedures for the handling of suspected or alleged violations of Title IX. The Title IX Coordinator serves to promote awareness and prevention of sexual misconduct within our community as a whole, while taking appropriate measures to address individual incidents by stopping the misconduct, remedying the effects and preventing a recurrence.

Two Assistant Title IX Coordinators are also responsible for assisting in the implementation and monitoring of Title IX compliance at the University. They are responsible for notifying the Title IX Coordinator of any alleged or suspected violations of Title IX about which they have become aware.

When Should I Contact a Title IX Coordinator?

Any student, employee, or applicant for admission or employment who has concerns about gender discrimination, including, but not limited to, acts of sexual harassment, sexual assault or sexual violence, is encouraged to seek the assistance of one of the Title IX Coordinators identified above.

Contact a Title IX Coordinator if you:

- Wish to understand your options if you think that you may have encountered gender discrimination, sexual harassment, sexual assault or other sexual misconduct;
- Learn of a situation that you feel may warrant a University investigation;
- Need help on how to handle a situation in which you are indirectly affected;
- Want information about possible informal remedies or administrative measures to de-escalate or alleviate a difficult situation; or

- Help students explore, set and achieve academic, career and personal goals with creativity
- Share responsibility for developing educational plans that will lead to graduation with competence
- Develop mentoring relationships to foster student growth, independence and accountability with compassion

If you are a *current undergraduate student* and would like to schedule an appointment with your Academic Advisor, please contact Academic Advising at 708-209-3256. In addition, if you would like to obtain academic forms, please login to Concordia Connect and search under the Resources tab.

International Study

Concordia University Chicago students may elect to study abroad for a semester, year or summer. To support the mission of developing and preparing students to participate and contribute to a diverse, interconnected, and increasingly urbanized Church and world, the Office of Academic Advising & Study Abroad provides information on approved programs across the globe. Application deadlines for study abroad vary. Students must first consult with Academic Advisors to determine how or if studying abroad can be integrated into their academic plan and program.

Students who choose to enroll in courses at any institutions other than those with which Concordia University Chicago has agreements will be required to stop-out, suspend their University registration for the period abroad and transfer credits back to Concordia University Chicago without a grade in accordance with the policy for transfer credits. For more information, contact the Study Abroad office.

Graduate Advising

Each graduate student will be assigned a Graduate Program Specialist (GPS) advisor. The role is to assist you with achieving your educational goals. We hope to empower you to make independent and informed decisions about your program, coursework, and registration process. We encourage you to be actively engaged as a student and become familiar with the Degree Works degree audit system and Navigate Student Success platform. Your engagement will allow you to stay informed on the courses needed to complete your program requirements.

To ensure your success this is how your (GPS) Advisor will help you

- Assist you with registration for your classes each term
- Monitor your progress through completion
- Provide important university deadlines, policies, and procedures
- Respond to questions about transfer credit, graduation, and other areas

Graduate Cohort Format

Most of Concordia University Chicago's graduate programs are offered in a cohort format that features predetermined courses and locations. Students in a cohort proceed through their courses in a predetermined sequence which must be

followed through to graduation. Students benefit from the instructional sequence with the same group of learners, who generally form a strong, collaborative learning community. Students who remain and follow the order of courses receive a guaranteed tuition rate not to increase over the span of the student's study as long as the student remains enrolled continuously. Most face-to-face cohort classes meet one night per week. Online cohort classes are offered in asynchronous, synchronous, hybrid, and hybrid formats.

Degree Works

Degree Works is a web-based tool for students and advisors use to monitor progress toward program completion by aligning student course-work with program requirements outlined in the Concordia University Chicago (CUC) catalog, and to plan for future coursework to meet program requirements. Please refer to Concordia Connect for Degree Works resources.

Navigate

What is Navigate?

Navigate is a mobile advisor that supports students from orientation to graduation. The Navigate app helps students schedule appointments, access resources, navigate requirements from financial aid to course registration, and stay on top of important dates and deadlines.

Students can download Navigate in the App Store or Google Play by searching for "Navigate college simplified." For the desktop version, students can log onto <http://cuchicago.navigate.eab.com> and select Log In. For assistance with Navigate, students can email: Navigate@CUChicago.edu

CU Learn Teaching & Learning Commons

Purpose: Academic Support, located in the CU Learn Teaching & Learning Commons (Christopher Center 248), supports students in improving their academic performance and developing their capacity to produce scholarly work. Free collaborative academic support is available in the form of one-on-one or group tutoring and study sessions across a variety of subjects. CU Learn's mission is to ensure *all students*, regardless of ability, receive the support and encouragement they need to be academically successful. The Academic Support Director, Academic Support Coordinator and student tutors are thusly all committed to helping students at any level of academic proficiency connect to the resources they need to be efficacious college students. In the spirit of our mission to serve the entire student body, Academic Support both collaborates with high-achieving students to improve their quantitative and qualitative capacities, and advocates for students who encounter struggles in their coursework. Additionally, Academic Support performs classroom outreach and facilitates workshops on academic support topics.

Academic Status: There are many definitions of "success," and students come to Concordia-Chicago from a wide variety of backgrounds and levels of collegiate preparation. Academic Support is committed to ensuring Concordia University Chicago students succeed and graduate, and as a result Academic Support staff work closely with students to collaboratively structure academic recovery plans for any students who are experiencing difficulties keeping up with the rigors of collegiate academics. Academic Support staff both advise and work with students who may be placed on academic probation and/or are experiencing challenges in achieving academic success. In the spirit of affirming the dignity and worth of every student who faces challenges, Academic Support reviews and responds to Academic Early Warning System (AEWS) submissions, which faculty use to communicate concern for students in their classes. Examples of reasons a faculty may submit an AEWS note include lack of class attendance, failure to submit coursework and poor exam performance. Academic Support staff communicates to both students and faculty and works with other Student Success staff members to support students who receive AEWS notifications.

Tutors are able to work with students on appreciating and understanding course subject matter. Tutors are also available for group study sessions where multiple students may work together with a tutor.

- **Accessibility & Accommodations:** Students with physical or learning disabilities should contact Academic Support to request accommodations in the classroom, accommodations for testing, or living accommodations in their residence hall. To request accommodations, students should schedule an appointment with the Academic Support Coordinator. Appointments can be made by emailing Academic.Support@CUChicago.edu or by calling Academic Support at (708) 209-3042. When meeting with the Academic Support Coordinator, students should be prepared to self-disclose their disability, request specific accommodations to address that disability, and be prepared to provide professional documentation supporting their need for disability accommodations.

Writing Support

Writing is one of the most important skills a college student must develop. Therefore, Academic Support offers all students assistance with their essays. Writing does not have to be a solitary activity and often the best writing comes from collaboration and revision. In CU Learn students work with peers in developing their written craft. Writing support is administered by the Director of Academic Support who staffs excellent student writing tutors from the English Department and other disciplines. As such, Academic Support offers help with written assignments for all classes, not just English papers. Concordia University Chicago students can utilize writing support for assistance with coursework writing at any stage of the writing process, from brainstorming and outlining to revising a full written draft. Tutors focus on higher-order concerns like thesis development, logic, clarity and organization as well as lower-order concerns like grammar and the particulars of various citation styles. Students can make an appointment with a writing tutor via Navigate and selecting "Undergraduate Writing Tutoring" or "Graduate Writing Tutoring" from the dropdown option. Students can also email their drafts to WritingCenter@CUChicago.edu. Emailed drafts will be forwarded to a writing tutor for review.

If the appeal is approved, the student has to complete a payment plan agreement with the Office of Student Business Services to participate in the Commencement Ceremony.

It is the student's responsibility to provide accurate information for the refund. The University will not be held responsible for any inaccuracy on the bank account information or address.

Before we process your refund, you also have the option to authorize us to cover non-institutional charges such as but not limited to parking fines, late fees, immunization fees, etc. If you are interested in completing this authorization, you can find it in your CUConnect in the repository area as Credit Balance Authorization. You have to sign the form and send it to Student.Accounts@CUChicago.edu. If you choose not to complete this form, you will be responsible for paying these fees as soon as possible.

Financial Aid

The Office of Financial Aid is responsible for coordinating all applications and appropriate forms so that the student's financial aid eligibility may be determined. The primary purpose of this office is to provide financial assistance to applicants who, without such aid, would be unable to attend Concordia University Chicago. There are three categories of financial aid: scholarships and grants, loans, and student employment. Scholarships and grants are outright gifts of money; they do not have to be repaid. Loans are borrowed monies, which must be repaid with interest. University student employment can allow students to earn money while in school to assist with educational expenses.

Students who are recipients of any merit-based scholarships are reminded that should they interrupt, withdraw from their academic program or attend less than full-time, they may be ineligible for the merit-based scholarship. Likewise, student loan recipients who interrupt their academic program will begin their six-month grace period and will be expected to begin paying back their borrowed amount at a monthly rate determined by their lending institution.

All staff members of the Office of Financial Aid are available at any time to counsel students regarding their financial aid status. Students eligible for financial assistance should be familiar with state, federal and institutional deadlines as well as the criteria for "Academic Status" and "Satisfactory Academic Progress" as printed in this Handbook and the Undergraduate Catalog. For questions, please contact the Office of Financial Aid (Krauss Hall – 1st Floor) at 708-209-3113 or Financial.Aid@CUChicago.edu.

Consumer Information

In accordance with federal regulations released by the Department of Education, schools are required to make available to students certain pertinent information as it relates to financial aid, student services, enrollment, accreditation and University policies. Satisfactory Academic Progress Policy for Financial Aid

Federal and state governments require that each college have Standards of Satisfactory Academic Progress (SAP) for determining continued eligibility for student financial aid. SAP standards measure both the qualitative and quantitative progress of course work completed. SAP includes the following three elements: grade-point average, course completion rate and maximum timeframe. SAP is reviewed at the end of each payment period.

Undergraduate Level Financial Aid Information

Grade-Point Average

The Satisfactory Academic Progress policy contains a qualitative component, which requires that undergraduate students maintain a 2.0 grade-point average by the end of their first year of full-time study (24-30 credit hours of coursework). A cumulative 2.0 grade-point average must be maintained from that point forward.

Course Completion Rate

The Satisfactory Academic Progress policy contains a quantitative component, which requires that undergraduate students make steady progress toward their degree by completing two-thirds (67 percent) of all credit coursework attempted. The completion rate is calculated as a percentage of completed coursework over the student's entire enrollment at CUC. Students must maintain a cumulative 67 percent course completion rate. For example, if a student attempts 16 hours per semester during the academic year (32 cumulative attempted hours), the student would be expected to satisfactorily complete at least 21.44 of these hours (10.72 hours per semester) in order to comply with the minimum quantitative standards. The completion rate applies to all semesters (including summer), regardless of whether the student received aid during the semester.

Attempted Credit Hours

All credit-bearing courses are calculated into the "hours attempted" and counted toward the maximum time frame for financial aid purposes. Grades of W, F, I or U, are considered as coursework attempted but not completed. In addition, repeated courses are counted in the "hours attempted" calculation.

Successfully Completed Credit Hours

Courses with a passing grade (A, B, C, D or P) are considered to be successfully completed. Courses with a grade of F, W, I, or U are not considered to be successfully completed.

Maximum Time Frame

The Satisfactory Academic Progress policy also contains a maximum timeframe component which specifies that the number of credit hours for which a student may receive federal financial aid may not exceed 150% of the credit hours required to complete their degree program at CUC. Since the minimum number of credit hours needed to complete the bachelor's degree is 120 hours, students may not receive financial assistance upon attempting more than 192 credit hours. Undergraduate students are normally expected to complete their degree program by the end of four years of full-time study. Therefore, students will lose their federal financial aid eligibility after six years of full-time enrollment (4 x 150% = 6). Students need to complete an average of 10.667 credits per semester (not including summer or non-CUC hours) in

order to complete within 6 years (maximum time frame). Credits transferred into CUC are included as credits attempted for SAP purposes.

Students completing a second bachelor's degree are subject to the maximum time frame component for undergraduate study. They must complete their program within a total of 192 attempted credit hours. Students who are double majoring or changing majors are also subject to the maximum time frame component and must not exceed 150% of the credit hours required to complete their degree program at CUC. Students in degree programs exceeding 150% of the credit hours required to complete their degree program and/or enrolled in a second bachelor's degree may appeal to the Director of Financial Aid for an extension, if necessary. In addition, grades of "W" are counted in attempted credit hours and counted toward the maximum time frame. Remedial courses earn credit and are included in the student's grade-point average. Remedial courses are considered in the attempted hours and in the maximum timeframe component. Pass/Fail courses count in attempted hours and maximum timeframe. Please note a grade of F (Fail) will count in grade point average; a grade of P (Pass) will not count in the grade point average.

Graduate Level Financial Aid Information

Grade-Point Average

The Satisfactory Academic Progress policy contains a qualitative component, which requires that graduate students maintain a 3.0 grade-point average by the end of their first year of study. A cumulative 3.0 grade-point average must be maintained from that point forward.

Course Completion Rate

The Satisfactory Academic Progress policy contains a quantitative component which requires that graduate students make steady progress toward their degree by completing two-thirds (67 percent) of all credit coursework attempted. The completion rate is calculated as a percentage of completed coursework over the student's entire enrollment at CUC. Students must maintain a cumulative 67 percent course completion rate. For example, if a student attempts 6 hours per semester during the academic year (18 cumulative attempted hours), the student would be expected to satisfactorily complete at least 12 of these hours (4 hours per semester) in order to comply with the minimum quantitative standards. The completion rate applies to all semesters (including summer), regardless of whether the student received aid during the semester.

Attempted Credit Hours

All credit-bearing courses are calculated into the "hours attempted" and counted toward the maximum time frame for financial aid purposes. Grades of W, F, I, NP or U, are considered as coursework attempted but not completed. In addition, repeated courses are counted in the "hours attempted" calculation. Courses where a final grade of D is earned must be retaken for any graduate level coursework, and will be included in the hours attempted calculation.

Successfully Completed Credit Hours

Courses with a passing grade (A, B, C, or P) are considered to be successfully completed. Courses with a grade of D, F, W, I, NP or U are not considered to be successfully completed.

Maximum Time Frame

The Satisfactory Academic Progress policy also contains a maximum timeframe component which specifies that the number of credit hours for which a student may receive federal financial aid may not exceed 150 percent of the credit hours required to complete their degree program at CUC. Graduate degree program lengths may vary. Since the minimum number of credit hours needed to complete the master's degree is 30 hours, students may not receive financial assistance upon attempting more than 45 credit hours. Students need to complete an average of 3.333 credits per semester (including summer) or an average of 5 credits per semester (two in an academic year) in order to complete within 3 years (maximum time frame). Credits transferred into CUC are included as credits attempted for SAP purposes. In addition, grades of "W" are counted in attempted credit hours and counted toward the maximum time frame. Pass/Fail courses count in attempted hours and maximum timeframe. Please note a grade of F (Fail) will count in grade point average; a grade of P (Pass) will not count in the grade point average.

Undergraduate and Graduate Level Incomplete Grade

The Incomplete (I) Grade

An Incomplete (I) grade is a temporary grade requested by the student and approved by the instructor to postpone course work due to extenuating circumstances (e.g. illness, death in the family). An agreement must be made between the student and the instructor outlining the remaining work needed to complete the course by submitting the signed

Incomplete Grade Authorization Form to the Registrar's Office. This signed form and related documentation must be received by the Office of the Registrar by the appropriate deadline below. Incomplete submissions, late submissions, or submissions for students who do not meet the criteria (good standing in the course and experienced/experiencing extenuating circumstances) will not be processed. Students must resolve the incomplete grade within six (6) weeks from the date the course ends. Upon completion, the instructor will change the "I" to the appropriate letter grade by submitting the Change of Grade form to the Registrar's Office. If the student fails to complete the course work, or a Change of Grade form is not submitted, a grade of "F" is recorded. Permission for additional time beyond the six-week deadline may be granted only with the approval of the instructor and the Registrar. Whether or not the student is enrolled during the following term has no effect upon this completion date. In the event that the original instructor is no longer available to grade the work, the Department Chair, where applicable, or the Dean will identify the faculty member who will resolve the incomplete.

Incomplete Grade Submission Deadlines

Semester/Session Incomplete Request Deadline

5-Week Friday of Week 4

8-Week Friday of Week 7

11-Week Friday of Week 10

16-Week Friday of Week 15

Students must contact the Office of Financial Aid once the grade change has been processed in order to re-evaluate their SAP status for the semester they did not meet SAP. The Director of Financial Aid will review and make any necessary changes to the SAP status.

Repeated Courses

Students are allowed to repeat a course to fulfill degree requirements with certain exceptions. The course must be an allowable repeatable course or your grade must improve to meet the degree program minimum requirements. A grade of 'P' would not be considered a repeatable course. Any student receiving Federal or State financial aid will have additional restrictions based on regulations established by the Department of Education, Illinois Student Assistance Commission and Department of Veterans Affairs.

If receiving financial aid, a student may repeat a course for which you did not previously earn a passing grade (ex. F or W) regardless of the number of times. This will be factored into the attempted hours versus earned hours (see SAP policy for completion rate). If repeating a course with a passing grade (D- or higher for Undergraduate or C or higher for Graduate), a student will be allowed to retake the course one additional time. This will apply whether or not financial aid was received for the first passed course. On the third attempt of retaking a passed course, the student will be required to pay out of pocket. For specific questions, please contact the Office of Financial Aid at Financial.Aid@CUChicago.edu or 708-209-3113.

If receiving military educational benefits, a student may retake the course one additional time. If a third attempt is needed, the student may be responsible for the amount already paid in a previous semester. A debt letter will be sent directly to the student from the Department of Veterans Affairs. For specific questions related to military educational benefits, please contact the Veterans Certifying Official in the Office of Financial Aid at 708-209-3113.

Audit Courses

Audit courses are not counted in the "hours attempted" calculation for financial aid purposes. Students do not earn any academic credit and may not receive financial aid for these courses since they are not going toward a degree program.

What Happens If a Student Does Not Meet the Satisfactory Academic Progress Requirements?

SAP is reviewed at the end of each semester. Students who do not meet SAP are notified by receiving an official letter from the Office of Financial Aid and via email. There are two repercussions in the event a student does not meet one or more of the above requirements: Financial Aid Warning Status or Financial Aid Disqualification Status.

Financial Aid Warning Status

A student who does not meet the standards of satisfactory academic progress will be on Warning Status for his/her next term of attendance. During this period, the student is still allowed to receive their federal/state/institutional financial aid. Certain merit scholarships, which require the student to maintain a specified grade-point average, may be affected.

Financial Aid Disqualification Status

Students who fail to meet the standards of satisfactory academic progress after a semester on probation will become disqualified from receiving further financial assistance from federal, state and/or Concordia-Chicago funds. This includes eligibility for grants, student loans, parent loans, CUC need-based and merit scholarships, and CUC faculty/staff waivers.

Appeal for Reinstatement of Financial Assistance

If a student has mitigating circumstances that contributed to their inability to meet the required Standards of Satisfactory Academic Progress, appeals for reinstatement of financial assistance may be submitted to the Director of Financial Aid. Mitigating circumstances that will be evaluated include medical condition, death in the family and additional documentation provided by the Dean of Students. The appeal must be a written letter explaining their circumstances and what measures they will take to improve their ability to succeed in future coursework. Students must meet with their Academic Advisor and together create an Academic Plan that will guide the student to successfully complete future coursework. In addition, students will be expected to submit supporting documentation when applicable.

Students will receive an official letter from the Director of Financial Aid regarding the approval or denial of the appeal. If the appeal is approved, the student will be placed on *probation status* for the next semester. Students must follow the Academic Plan provided by their Academic Advisor in order to successfully complete all coursework in their program. Students will need to meet Satisfactory Academic Progress by the end of that semester or they will be placed back on disqualification status. If students meet Satisfactory Academic Progress by the end of the probationary status, they may continue to receive aid, but are expected to continue to fully meet SAP requirements in future semesters.

If the appeal is denied, the student may submit another appeal after successfully completing the following semester(s). A significant improvement must be evident in the academic history for the future semester(s) after receiving disqualification status. Students must continue to follow the Academic Plan provided by their Academic Advisor in order to successfully complete all coursework in their program.

Withdrawal and Return of Title IV Financial Aid Policy

Withdrawal Policy

Degree-seeking students who desire to withdraw from the University are to consult with the Office of the Dean of Students and complete the University Withdrawal Form. Withdrawal is not official until specific responsibilities have been met. Failure to follow this procedure will result in a grade of "F" rather than a grade of "W." After the 10th week of a 16-week semester, and the 6th week of an 8-week session, grades of "W" will be granted only for extraordinary circumstances as approved by the Dean of Students.

Students who do not maintain continuous enrollment at Concordia University Chicago from semester to semester (excluding the summer term) will be withdrawn automatically from the University as of their last semester of attendance, unless the student is eligible and files for Leave of Absence status.

Return of Title IV Federal Financial Aid Policy

The amount of Federal Title IV financial aid that a student receives is based on the completion of all registered coursework. If a student officially or unofficially withdraws from the semester on or before the 60 percent of the payment period and received Title IV federal aid, the Office of Financial Aid is required to review eligibility for the funds received. The federally mandated formula called "Return of Title IV Aid" calculation is used to determine the amount of federal funding the student "earned" up to the time of withdrawal. Title IV federal funds include the following: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (SEOG), Teacher Education Assistance for College and Higher Education (TEACH) Grant, Iraq Afghanistan Service Grant, Federal Perkins Loan, Federal Direct Loan, or a Federal PLUS loan (Graduate/Parent).

In order to determine the amount of financial aid earned up to the time of withdrawal, the Office of Financial Aid determines the percentage of the payment period the student attended. The percentage is then used, in addition to the student's institutional costs and federal funds received or eligible to receive, to determine the amount of aid the student is eligible to keep. If the amount earned is greater than the student's institutional cost, the Office of Financial Aid will send the student a written notification confirming the student's authorization to either accept the credit in a refund to the student or to return the loan amount to the lender. The student has 14 days to reply. If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, the student is eligible to receive a post-withdrawal disbursement of the earned aid that was not received. The post-withdrawal disbursement of a loan(s) will be offered to the student within 30 days of the date the school determined the

student withdrew. The post-withdrawal disbursement of any Title IV grants are processed within 45 days of the date the school determined the student withdrew.

In addition, the unearned amount of aid is also determined by the percentage of the payment period the student attended. The student may have officially withdrawn from classes or, in the case of an unofficial withdrawal, the Office of Financial Aid will use the last date the student was involved in an academically related activity. Any unearned Title IV federal funds that were disbursed must be returned to the federal government by the University within 45 days of the date the school determined the student withdrew. If the student received a refund from financial aid, he/she may be required to return a portion of those funds to the University.

Federal Title IV funding that must be returned by the student and/or parent or the University must be returned in the following order:

1. Federal Unsubsidized Direct Loan
2. Federal Subsidized Direct Loan
3. Federal Perkins Loan
4. Federal Direct Parent Loan (PLUS)
5. Federal Direct Grad PLUS
6. Federal Pell Grant
7. Federal Supplemental Educational Opportunity Grant (SEOG)
8. Federal TEACH Grant
9. Iraq Afghanistan Service Grant

Students will be considered to have earned all of their federal financial aid after the completion of 60 percent of the payment period. Students who need to withdraw from all registered course work should make an appointment with a Financial Aid Counselor to determine if a portion of unearned federal funds will need to be returned to the federal aid programs

Spiritual Life

Spiritual Life is led by a student president and team of ministry coordinators and advised by the University Pastor and University Deaconess. The mission statement of Spiritual Life is, "Living the Word of God, Loving all people in His name, Serving God's people at Concordia, in Chicago and to the ends of the earth." Spiritual Life works in the following five areas of ministry:

Ministry to Concordia

Students leading students in learning, growing and serving the Lord. A student coordinator works with the Spiritual Life president to promote concerts, speakers, retreats, Bible studies, men's, women's and international student fellowship events, and other activities encouraging the spiritual life of our students. The coordinator also provides support to the student leaders of Fellowship of Christian Athletes (FCA), student-led prayer offices and Prayer and Praise teams.

Ministry to Chicago

CUC students serve those in need in the Chicago area. A student coordinator works with the Spiritual Life president in organizing service projects and outreach events in the Chicago area, including ministry to urban youth, prison literacy programs, nursing home ministry, and support for the homeless or developmentally disabled.

Ministry to the World

Raises awareness of global Christian issues and plans mission trips to those in need throughout the world. With the assistance of the Spiritual Life president, a student leader promotes national and international servant trips, plans awareness events, schedules trips to mission conferences, communicates with missionaries around the world, and raises general awareness of world-missions on campus.

Concordia Youth Ministry (CYM)

CUC Students work with young people through lock-ins, concerts and retreats. Under the direction of a student coordinator, several teams of students meet weekly to prepare for ministry to junior and senior high youth in the local community and Midwest area.

Residential Ministry Coordinator (RMC)

These individuals are Spiritual Life leaders whose responsibilities include providing opportunities for spiritual growth and Christian fellowship within the entire residential community.

Music Opportunities

Because music has a vital role in the life of the campus community and beyond, the music department provides ensemble experiences and academic study both for music majors and for non-majors. Applied music study (private music lessons) is offered in woodwind, brass, string and percussion instruments; keyboard instruments (piano, organ, and harpsichord); guitar, voice, composition, and jazz improvisation. Outstanding teacher-performers from the Chicago area serve on the Concordia-Chicago adjunct faculty. Many non-majors choose to study privately because of our excellent applied music faculty.

Approximately 35-40 recitals or concerts are given each year by the ensembles, students and faculty in the music department. On many weekends there will be performances in the chapel, Geiseman Auditorium, or one of the smaller recital venues. The department provides a wide range of ensembles:

- Vocal ensembles: Kapelle (touring choir), Schola Cantorum (chapel choir), Laudate (women's choir), Männerchor (men's choir), Resonanz Ensemble (contemporary chapel ensemble)
- Instrumental ensembles: Wind Symphony (touring ensemble), Chamber Orchestra, University Band (student/community ensemble), Jazz Band, Handbell Ensemble, Cougar Band (pep band)

All CUC students are welcome and encouraged to join ensembles appropriate to their interests and musical background. Most ensembles may be taken for credit, but only certain ensembles count toward music degree requirements. Other small instrumental groups, organized and directed by faculty and students, serve particular needs and interests as the appropriate instrumentalists are available. These include ensembles made up of strings, flutes, saxophones and percussion instruments. Auditions for most groups take place during the week before the start of the fall semester.

NAfME

The National Association for Music Educators consists of students dedicated to the highest standards of excellence of music education in public and parochial schools. Chapter members are provided opportunities to attend numerous workshops including the IMEA state convention.

Staff

Resident Assistant (RA)

This individual is a fellow CUC student who has demonstrated excellent academic and leadership skills and serves as a resource and mentor for the residence halls. RAs provide leadership in developing communities and providing educational opportunities for students. The RA staff are upper-class students who are committed to building relationships with students and helping them thrive within their communities. They are trained on roommate mediations, conflict management and crisis response. They are an excellent resource for students to talk to, and they work to address any concerns students have.

Community Coordinator (CC)

Community Coordinators (CC) are seasoned residence life student staff members whose focus is to promote, engage, and champion for Concordia University Chicago's core values within their communities and assist the Resident Director in all aspects of community development for their buildings. The Community Coordinator works closely with the Resident Director on creating a community development plan that constantly engages students in opportunities for personal, professional, and spiritual growth and addresses community concerns in a proactive manner.

Residence Director (RD)

This individual is a full-time professional staff member who leads the RAs in designing a healthy building-wide community and serves as a resource for students. Residence Directors are specially trained staff that handle the entire building operations and spearhead a community development plan that helps students like you have a fantastic living-learning experience on campus. They are a great resource to provide one-on-one support whether you need help dealing with a facility issue, addressing a conflict or just someone to talk to. The RD staff trains the RA and SDS staff and provides round-the-clock on-call coverage to ensure the students are safe and have a response after hours for emergencies when needed.

Coordinator of Student Housing

The Coordinator of Residence Life and Housing serves as a part-time staff member within the Department of Residence Life and focuses on the day-to-day logistics and operations within the department, as well as the Residential Education for our student leaders. They typically are staff that have been in the Residence Life profession for a few years and have a lot of experiences to share to help students thrive on campus. The Coordinator is a key decision maker in the strategic short-term and long-term strategic planning of the department and provides support in creating an intentional residential curriculum focused on the learning, growth and development of students, and assists in the oversight of a staff development model that creates enriched learning opportunities as well as skill development.

Director of Residence Life and Housing

This individual is the chief Residence Life officer for Concordia University Chicago and is responsible for the overall direction of the department. The Director works closely with all staff in putting together a residence life program that strives to help students learn, develop, and grow within a dynamic learning environment. The Director has an open door to meet with students regarding questions about Residence Life practices and policies, or to address concerns that are unable to be answered by the staff mentioned above.

Live-On Housing Requirement

Concordia University Chicago believes that living on campus creates an experience that is critical to the learning, growth, and development of an individual and is critical to the success of a Concordia University Chicago student. Being personally a part of the University community allows for the University to provide more supportive resources to students and engage with them in intentional ways.

In line with this concept, all full-time freshmen, sophomore, and junior students **are required to live in a Concordia-Chicago residence hall** community. Degree-seeking students taking less than 12 semester hours in a 16-week semester (part-time students) are considered ineligible for campus housing, but exceptions will be considered (subject to housing availability) on a case-by-case basis. Concordia-Chicago, under its parietal rule (for bond revenue projects), reserves the right at any future dates to require all students to live in University housing.

Exceptions to the required housing policy are:

1. Full-time senior students, based upon earned credit hours (minimum of 90 credits),
2. The student is living with parent(s) or legal guardian(s) and commuting to campus from that residence,
3. The student can claim "independent" designation as defined by federal aid requirements and standards,
4. The student is married,
5. The student, because of a disability, provides the college with appropriate documentation for reasonable accommodations that the University is unable to provide,
6. The student is 22 years of age at or before the first day of the semester,
7. The student has children or is the one that provides direct care for a legal guardian.
8. The student has a documented financial hardship.

Any full-time freshman, sophomore or junior student that does not meet any of these exemptions, but wants to live off campus, must first seek and receive approval from the Director of Residence Life and Housing by completing and submitting the Housing Agreement Release Request form if they are canceling their current housing, or a "Commuter Form" if they have not yet signed up for housing. Students who are ineligible for living off-campus, are not approved and do not reside in campus housing, may be subject to financial penalties and potential disciplinary action.

Housing Release Request

Once a student applies for housing and agrees to terms, they are contracted to campus housing for the academic year. Should a student meet the above criteria and wish to apply for release, they make complete a Housing Agreement Release Form and submit it to the Director of Residence Life and Housing. Requests for release are not automatic and determined on the Director of Residence Life and Housing's approval. Students who are approved to break their housing contract with the University are subject to a \$650 cancellation penalty.

Non-Compliance

Students are expected to follow the on campus living requirement and the expectation to report their housing status every year. Students who fail to do so may be subject to disciplinary action as well as a non-compliance fine of \$1000 for every year a student does not meet the qualifications listed above.

Housing Amenities

The core of the on-campus experience features students being assigned with roommates in a community environment to promote an experience that encourages students to learn how to live with individuals who are different from themselves and exposes them to different points of view. In doing so, students learn more about themselves, strengthen their skill sets, and become more aware of the world around them.

Most students have accommodations that feature living in a double room that has an included closet/wardrobe, desks, chairs, beds, and mattresses. Rooms are outfitted with internet (Wi-Fi) and students have access to Xfinity to stream live TV.

Room Management and Care

Residents are responsible for managing the condition of the facility issued to them and maintaining an environment that is safe for both themselves and the community. In the event of any facility damage or malfunction, the resident carries the responsibility to report to the Physical Plant Department utilizing the University Work Order form found on the "Resources" tab of the CUConnect Portal. In the event of a facility emergency, the Resident should contact University Switchboard immediately (708.771.8300) to prevent further damages.

Married/Family Student Housing

Given the designs of our residence halls, Concordia University does not offer housing for married couples or families to reside together.

Graduate Student Housing

Graduate students are welcome to reside in our undergraduate residence halls as space permits. It is important for graduate students to be aware and understand that if they choose to live on campus that they are subject to the same policies and procedures as undergraduate students and will live on floors with undergraduate students.

Medical Accommodations

Residence Life and Housing does work with students who have medical necessities that require special accommodations in relationship to their housing. Students who believe they require special accommodations related to their medical need should contact the Academic Center for Excellence's Academic Support Coordinator. Upon receiving approval from the University's accommodation specialist, Residence Life will seek to provide reasonable accommodations based on what is approved and can be offered. It is in the student's best interest to communicate these needs well in advance to ensure approved accommodations can be met. Accommodation approvals that are received later will be accommodated based on what is reasonably available at the time of the approval.

All housing medical accommodations must be approved by June 1st to guarantee appropriate placement. The Office of Residence Life and Housing may be unable to approve any medical accommodations after that date.

Single Room Buyout

Designed singles are extremely limited on campus and are allocated based on need and seniority. Occasionally through the academic year, enough vacant double room spaces may come available where students may be given the option to buy out the double room at an additional rate. The Director of Residence Life and Housing will announce and determine if and when single room buyout can occur. When a student is approved for a single room buyout, the charge is applied to their account and the room is considered 100% occupied. Residence Life does reserve the right to reverse a single room buyout should the need arise. Though these cases are rare, charges will be prorated/reversed, and the student will be notified. If a student reverses their own single room buyout, charges will be prorated for the time the single was purchased.

Housing Assignments and Room Changes

Students are typically assigned a room for an Academic Year, and it is general practice that students work to stay within those assignments. Students can pursue room changes during select times of year both within their building or in another residence hall space permitting. The University reserves the right to assign roommates, to change room or hall assignments and/or to consolidate vacancies by requiring residents to move from one accommodation to another. The University will always try to work with students' preferences whenever possible.

Open Spaces

Students who may have an open space in their room are required to maintain half the room to be available for a new roommate assignment to occur. While Residence Life will do everything it can to provide at least 24 hours notice about new roommates, sometimes circumstances may prevent from such notice. Students who have an open space and are contracted for a double room are not permitted to unreasonably deny or discourage a new roommate from being assigned. Students who attempt to prohibit students from being assigned to their room or do not have the room prepared for a potential roommate may be subject to disciplinary action and reassignment, as needed.

Room Freezes

Prior to the Academic Year, Residence Life will send out confirmed housing assignments to all students for the upcoming school year. This assignment email typically goes out in July or August and will detail roommate contact information and the student's room assignment. Once the formal assignment information goes out, a room freeze period goes into effect.

Room Change Request Period

Two weeks after the first day of classes, the room change request period begins. In order for students to claim an open space, they must be able to fill the space, so it is at 100% occupancy. Students cannot request to move into "empty" rooms with no roommate unless they are contracting to buy out the room as a single.

Students who choose to pursue the room change process during the room change request period are responsible for communicating with all parties part of the change including old roommates and new roommates and must seek permission from hall staff to get the room change approved. Students who are approved to change rooms must follow the guidelines given to them by hall staff including check in/checkout process and dates the moves must occur. Students must follow the processes given to them to avoid potential improper checkout fines.

Room Changes Outside of the Room Change Period

Room changes as best practice are discouraged to allow students to learn how to work through conflict and assume goodwill with their roommates. Students who are having challenges with their roommate and are needing help are strongly advised to contact their Resident Assistant or Residence Director so hall staff can best support both students through the conflict. Students must show good faith working with both the roommate AND hall staff in trying to work through roommate conflicts in an effort for all to learn, develop, and grow through the process.

Residence Life does understand that sometimes even with good faith efforts that sometimes roommate conflicts can become too great, and a move may be the best course solution. Students who request room changes outside the designated period must receive approval from their Residence Director and potentially the Director of Residence Life and Housing. When approvals are considered, the Residence Director of the building will weigh the situation to determine if the room change request is needed and that a good faith effort to address the conflict has occurred. When approvals are granted, the same procedure as mentioned in the open room change period is followed and students are required to work with Residence Life staff on the room change process.

Checking In/Checking Out of a Room

Students are required to follow a formal check in and check out process as directed by hall staff. When students are changing rooms, students are required to coordinate a time with an RA to check the room and have a room change approval in advance.

When checking out of a room, students are expected to restore the room in its original condition in a manner where it is reasonable for a new person to be assigned to the room. Students are expected to clean their rooms, remove all property and trash prior to asking for hall staff to check them out of the room. Once hall staff arrives, the room is checked from the original condition, damages (if any) are assessed, and the staff member tests the room key to make sure it works. Students are required to return room keys to staff when checking out. Failure to properly checkout with staff and/or return room keys results in improper checkout fines and a \$265 lock change fee.

When students check into a room, they will be given a room inventory link to compare the condition of the room with what is reported on the inventory. It is critical that a student notates any discrepancies of the condition of the room on the form and communicates it with hall staff as this condition is used to determine damage at the end of the year. Students must return room inventories immediately to hall staff.

Damages found during checkout

Students are ultimately responsible for the condition of their room during the checkout process. Students are financially responsible for any damages or missing items in the room. In the event of unreasonable wear and tear, trash, missing items, or damages, hall staff will work with the occupants to determine responsibility. If no student in the room can be fairly given sole responsibility, the charges will be shared amongst the occupants. Damage charges will be placed on a student's bill.

Consolidation

The Office of Residence Life reserves the right to consolidate students who have vacant spaces in their rooms with other students in a similar situation. While this consolidation can occur at any time, each semester a consolidation effort occurs to maximize space usage for both facility and occupancy management reasons. When a mass consolidation effort occurs, the following process is followed:

- 1.) Students are sent a letter notifying them of their vacant space, outlining their options to buy out the room (if available to be offered), to select their own roommate or allow consolidation to occur.
- 2.) The department will allow a reasonable amount of time so the student can choose their options.
- 3.) If a student does not respond, the Residence Life department will make an effort to consolidate within the same building, if possible.

While the above process outlines a mass consolidation effort, consolidation can happen at any time. Residence Life will do what it reasonably can to work with students, so they know their options. Residence Life will always opt for consolidating students over the "buyout a room" option unless the student voluntarily elects it. Students who resist the consolidation process and do not comply attempting to block the space from being used may be subject to disciplinary action including being issued the buy-out room rate for blocking usage of the space. Students may also be offered to buy out their room at a discounted rate.

Keys, Access, and Safety

All members of the community carry a responsibility for the appropriate use of access rights on campus to ensure the safety of the community. Students are responsible for making sure they use their own access for themselves and are not permitted to share it with others. Doing so can be a serious risk to the health and safety of the community and is a violation of campus policy. Students assume all responsibility for allowing unauthorized access into any space they have access to. At all times students cannot:

- Lend their room keys or ID to other students, including roommates
- Allow nonresidents to access the halls without an escort
- Disable outside doors (i.e. prop) to allow other individuals to enter without access confirmation
- Duplicate keys

All students are assigned a unique set of keys that are coded to them. Students are NOT permitted to lend their keys out or allow any other student to use their keys for any reason, including a roommate. The same goes for a student's campus ID as it provides electronic access to buildings. Misuse of keys and access can result in lock change fines and disciplinary action.

Lost Keys

In the event students lose their keys, they can request to use a spare from the Office of Residence Life and Housing. When students request a loan key, they are given a temporary amount of time (24 business hours) to find their original keys while using the loaner key. If a student is unable to find their original key, the Residence Life office will process it as a lost key and issue a lock change billable to the student. The locks will be changed for the room and new keys issued to both students. Lost keys cost \$265 for the lock change and new keys for the room billable to the student who lost the key.

Lockout Policy

Students are expected to use their keys responsibly and must ensure they are carried at all times. In the event a student accidentally locks themselves out of their room, they can pursue the following options:

- Contact an RA or hall staff member to see if they can be let back in.
- Contact Switchboard to request an RA on call to let them into the room.
- Contact their roommate to see if they are able to let them into their room.

Lockouts can take time to process, and staff are not always immediately available to process the request. Upon staff arriving to the door, the student will need to be ready to show proof of ID. Additionally, lockouts can result in fines and potential disciplinary action if the behavior is pervasive. If a student loses their key, it is critical and expected for the safety of the community they report the key as lost immediately so proper precautions are taken.

Accidents do happen and Residence Life institutes a policy that allows students have the occasional mistake while also managing responsible key usage. Residence Life will use the following guidelines with lockouts and applying charges:

- All students will be given a grace period during the first week of the semester.
- All students will receive 1 "FREE" lock out per semester.
- Students locked out a 2nd time will be charged \$15.
- Students locked out a 3rd time will receive a letter from the Resident Director warning the continued behavior could result in disciplinary action. Students will be charged \$15.
- Students locked out 4 or more times will receive a charge of \$25 for each time and may be subject to disciplinary action. Students may work with the Resident Director to substitute fines for community service.

Community Safety and Security

It takes a community effort to ensure the safety and security of all individuals on our campus and residents play a key role assisting in safety efforts. The halls are constantly supervised by Residence Life staff 24/7 and the Department of Public Safety, however each resident plays a powerful role in looking out for each other and being invested in the well-being of the community. If a resident ever sees someone on their floor or hall that does not belong or witnesses a situation that looks suspicious, they should contact the campus Switchboard 708.771.8300 or contact any Resident Assistant (RA).

Expectation of Privacy and Room Entry Policy

The right to privacy is of paramount importance. However, the entry into and/or search of the living quarters of a student may be conducted by the following people for the purposes and under the procedures below:

- By law enforcement officers in the performance of statutory duties in accordance with legally defined procedures governing search and seizure.
- By authorized University officials when there is probable cause to believe a violation of University or civil regulations is being committed, and that the delay required in procuring permission would endanger the health and safety of residents or result in the probable destruction of the evidence of the violation.
- By authorized University personnel during vacations to ensure that health, fire, and safety regulations are maintained.
- By authorized University personnel or agents to make improvements and repairs. The University shall give at least 24 hours notice of such entry when possible. When a student requests maintenance or repairs, no notice is necessary.
- By authorized University personnel in emergencies to protect the health and welfare of residents or to make emergency repairs to protect damages to the property of the students or the University.
- By authorized University personnel to conduct room inspections to ensure that fire, health, and safety regulations are maintained or to search for missing student or University property. The University shall give at least 24 hours notice of such entry when possible.
- By authorized University personnel out of consideration for neighboring residents when an unattended persistent annoying noise (such as an alarm clock) is occurring in the room.
- By authorized University personnel when invited in.
- When it is necessary for authorized University personnel or their agents to enter an unoccupied room, there should be two people present whenever possible. Students are responsible for what occurs in their rooms and may be held responsible for activities that occur in his or her room, even though that student may not be present or involved in the policy violation. Students are responsible for their guests.

Violations of University regulations observed while entering a student room will be reported and forwarded for possible disciplinary action. Residence Life and Department of Public Safety staff have the authority to request that students open closets, drawers, backpacks, refrigerators, or other personal property if they have reason to believe they contain illegal or prohibited items (such as alcohol beverages, etc.) or if they have reason to believe a violation of University or civil regulations is being committed.

Health and Safety Inspections

To ensure the safety of the campus community, throughout the year health and safety checks occur to verify occupancy and ensure there are no potential hazards to the residents living in the building. Health and Safety Inspections primarily happen during break and holiday periods and will give notice whenever they need to be conducted. The University does maintain the right to complete a more immediate health and safety inspection should it be determined that there is a threat that may be imminent to the safety of any member of the community.

Confiscation

Staff take great care in protecting and preserving a student's property, however at times the need may reasonably arise when for the safety of the community an item must be confiscated. Any prohibited items found during a search may be subject to confiscation by the professional staff. Prohibited items such as alcohol or drugs may be disposed of while personal property that is legal to own by federal, state, and local law may be held by professional staff until such a time arises when a student can remove it from the premises.

Residence Hall Operations during Breaks and Holidays

Residence hall living is meant to support the Academic initiatives of the student and is not intended to provide year-long housing. While the halls remain operational through the majority of the academic year, the residence halls do have times when they close or have limited services. During these times, students may be required to vacate the halls unless they have a CUC related reason to need to stay (ie athletic schedule goes into break). Students should plan travel arrangements in advance to avoid being locked out of the halls.

Holidays (Thanksgiving, Easter)

Holidays are defined as periods that the halls stay open but services on campus are limited. Typically meal plans are not active during the holiday. Students do not have to pay to stay during holidays.

Breaks (Christmas, Spring, End of Year/Summer)

Breaks are defined as periods that the halls close and all students are required to vacate their buildings for the period. Students who have CUC related reasons to stay such as campus employment or activity can request to stay but may

have to pay a daily rate. Services are more limited and at times unavailable during break periods. Students have to apply to stay in break housing.

Housing Cancellation

How housing cancellation works is contingent on the time of year a student cancels their application/booking. Please refer to the below guide for terms for each period.

Cancelling Before Moving In

Students who apply for housing but later decide to cancel must submit a Housing Agreement Release Request Form. Since students have already entered into a housing contract, the request to break the agreement is not guaranteed and contingent on the approval of the Director of Residence Life based on the reasons of release found on the "Off Campus/Commuter Status Declaration" section. A \$500 cancellation penalty applies to students who are granted release. Students seeking release for academic related reasons (ie withdrawal from the university, student teaching, study-abroad) will not be penalized. This form can be found on the [Housing Portal](#).

Cancelling Housing After Moving In

Students who decide during occupancy to cancel must also submit a Housing Release Request Form and submit it to the Director of Residence Life. Being released from housing during the semester requires extraordinary circumstances to be granted release. Meeting the "Off Campus Commuter Status" qualifications is not necessarily enough to be released from housing during the term. The Director of Residence Life will review each situation on a case by case basis and may deny or defer move out until after the end of an academic term. The \$500 cancellation penalty still applies, however students who are approved to break the agreement after completing 1 semester of housing may see the penalty adjusted to \$250 for fulfilling half the contract period.

Refund Policies

Students who do have a change to their housing status are subject to the following refund and forfeiture policies:

- End of week 1 classes: 75% refund
- End of week 2 classes: 50% refund
- End of week 3 classes: 25% refund

Students checking out after 4 weeks will receive no reimbursement. Any student withdrawing from housing, after the 4-week mark of the semester (the exception being for hardship situations) will have no reimbursement in their room or board charge for the semester.

Summer Storage

Summer storage is not available to students. Students seeking summer storage should look at off campus solutions should the need exist to store property over the summer.

Abandoned Property and Vacating Room

Residents are responsible for all items they bring into their rooms or the halls. Students will continue to be billed for housing until all property is removed from a room and a formal checkout occurs. In the event students clearly leave campus housing but abandon property, the student will be contacted by Residence Life staff while continuing to be billed for storage of the property. If, after 30 days, the student fails to respond to requests to remove abandoned property, the housing charges will cease and all abandoned property will be discarded at the discretion of Concordia University Chicago.

Residence Hall Regulations

It is expected that every resident and their guest(s), while in the residence halls at Concordia University Chicago, adhere to the Student Code of Conduct, outlined in the *Student Handbook*. A student living in, or entering into our residence halls accepts the responsibilities of being aware and upholding our policies and agrees to adhere to them. Resident students also accept this level of responsibility as it pertains to their guests and agree to assume responsibility for their guest's behavior and make a good faith effort to ensure guests follow the Residence Hall Policies and Regulations. Additional policies include:

Advertising in the Residence Halls

All fliers posted in the residence halls must first be approved by the Office of Residence Life. Individuals posting advertising in the halls must strictly follow the University posting policies.

Air Conditioners

Air conditioners in the halls are strictly prohibited. Students who have an approved accommodation through the Academic Center for Excellence will be provided a University air conditioner installed by Physical Plant staff.

Alcohol/Illegal Drugs

Alcohol and illegal drugs, possession, and their use are prohibited in the residence hall communities, regardless of age. This includes any paraphernalia associated with alcohol or illegal drug usages including "empties", commemorative bottles of alcohol, pipes, bongs, dugouts, or other items associated with the consumption of alcohol or drug use. Shot glasses and mugs can be displayed but must NOT be used for alcohol consumption. Drinking games within the halls, whether with alcohol or non-alcoholic beverages can serve as a health risk and are also prohibited. In accordance with the CUC policy of Alcohol and Illegal Drugs, the CUC Dry Campus policy, and the Drug-Free Schools and Campuses Act; anyone found violating these policies is considered to be in violation of the Student Code of Conduct and will be referred to the conduct process.

Appliances

Due to the high electrical demand of many appliances combined with ensuring the safety of the community due to fire code, some appliances in residence hall rooms are prohibited. Such appliances include:

- Halogen lamps
- Microwaves (Community microwaves are available in common rooms for student use)
- Extension cords
- Any appliance with a heating coil including but not limited to: toasters, foreman grills, electric skillet, panini makers, toaster ovens

As new technology presents itself, Residence Life may determine at any time that appliances not on this list raise a reasonable threat to the safety of the community and facility and may prohibit additional items as needed.

Athletic Activities in the Residence Halls

Neither outdoor-oriented activities nor the use of outdoor oriented equipment is permitted in the halls. Residence halls are not safe to conduct such activities and can cause a reasonable harm and risk to others. Activities such as riding skateboards, bikes, roller blading, hockey, Frisbees, any sports ball, dribbling balls, bouncing balls, etc. can both cause risk of harm and create an unreasonable disturbance to the community and are prohibited.

Bicycles

Students are allowed to have bicycles on campus but must properly store them in designated areas on campus and are not allowed to be stored in hallways, stairwells, or in any area that blocks entering or exiting a doorway or path through a hallway. Improper storage of bicycles in residential areas may result in the bicycle being confiscated and removed to eliminate potential risk to others.

Candles/Incense

Candles, incense, oil lamps, or any items with an open flame or a burning ember are strictly prohibited within student rooms. Students cannot have candles for decoration.

Underage children the residence halls

Children, visiting as guests, are welcome in our residence halls to visit during the day but require constant supervision of their parent or legal guardian. Overnight guests must be 18 years of age or older. No children under the age of 18 will be allowed to remain in the residence halls without prior written consent from a parent/legal guardian.

Cleanliness and Community Wellbeing

Students share a responsibility in the cleanliness and upkeep of the residence halls and are responsible for maintaining a clean community. When students use community bathrooms, it is expected that students clean up after themselves ensuring to flush toilets after using them, rinse out the sink after use, and not leave personal property in the bathroom when it is shared with others. This applies for all shared community spaces. When using hall lounges, residents are expected to restore the lounge in a usable condition that is clean and orderly. Housekeeping does provide general daily cleaning but is not responsible for the personal upkeep of students. Residents that are not responsible for their own clean up and pose potential risk hazards to themselves, roommates, or other community members (or facilities) will be subject to fines and disciplinary action to remedy the issue.

Personal Trash

Students are responsible for putting personal and room trash in designated trash rooms. It is not permissible to throw room trash in convenience receptacles in the bathroom and common areas. Students who leave trash in hallways or improperly throw room trash in convenience receptacles instead of trash rooms will be responsible for a \$25 fine per trash item for the individual or community in violation and possible disciplinary action.

Keeping the community clean is every resident's responsibility and requires a collective effort to keep our halls clean for everyone. Students who do not clean up after themselves may be subject to fines or possible removal from the community.

Cooking in the Residence Halls

Each community is outfitted with a microwave to be used in the residence halls. In addition, Concordia hall students have a full kitchen at their disposal and are encouraged to use it. Per the cleanliness standards above, students are responsible for the proper use and clean-up of all common area cooking appliances in the residence halls. Cooking sometimes creates mess and that's okay, but students are responsible for showing after care in wiping down food mess from cooking. Failure to do so may result in disciplinary action or loss of kitchen privileges.

Students are NOT permitted to cook in their residence hall rooms as such appliances typically have heating elements and are prohibited.

Damages

Students are responsible for both the condition of their rooms and the community spaces during their occupancy. Students are encouraged to collectively work together in treating their communities and items with responsibility to make the space nicer for everyone. Individuals who are found to have done damage to any items or school property will be subject to paying for restitution for those damages. Residence Life will work with students to encourage individuals show accountability and responsibility. Community members are also responsible for working with each other and the department to ensure individuals who damage property are accountable. Damages that are caused in the community spaces but cannot be individually assigned to any one individual will be subject to community damage charges divided amongst the whole community.

Room Decorations

Students are encouraged to make the room "their own" and to personalize and decorate their rooms to feel more at home. To avoid unnecessary damage charges at the end of the year, please follow these guidelines:

- When hanging items use proper adhesives. Try to refrain using tape and command hooks as history has shown that they DO rip paint and damage surfaces. Sticky tack/mounting putty tends to be most successful while avoiding damage.
- Do not hang property from fire safety equipment or pipes.
- You cannot paint your room
- Items that could be considered offensive to others are not to be placed onto doors or windows. Items, such as flags, signs, decals, etc, that are displayed in a manner for everyone to see are considered public displays. If public displays are considered offensive; the issue will be addressed through the Student Code of Conduct.
- Flags, signs, window decals, etc, are prohibited from being hung in residence hall room windows.
- Students are responsible for damages as a result of decorating their rooms
- Students are responsible for cleaning any adhesives or other mounting devices from their room. Any cleaning that is required of housekeeping will result in a cleaning service charge to the student.

Fire Alarms/Drills

Any time the fire alarm goes off within a residence hall, all individuals in the halls are required to respond to the alarm by evacuating the building. Students and guests are expected to treat each fire alarm as if it is real, regardless of the time of day or season, and follow appropriate evacuation procedures for the safety and well-being of our community members. Failure to respond to a fire alarm will result in a Student Code of Conduct violation and the student will be subject to the conduct process.

Furniture

All furniture provided in rooms must remain in the room. Community lounge furniture must also remain in the room that it was assigned to and is not permitted in student rooms. Furniture that is removed or relocated is prohibited and may result in disciplinary action and fines. Students who bring their own furniture into the rooms are required to remove it at the end of occupancy. Students who fail to remove personal property will be subject to the "Abandoned Property" policy and may be subject to fines for disposal of furniture.

Guests

Students are welcome and encouraged to host guests into their residence hall rooms provided they adhere to the following principles:

- Having a guest in a room is a privilege and not a right
- The roommate's use of the room overrides the privilege of having a guest in a room

- Guests must be escorted by their host at *all* times and are expected to adhere to University policies during their time here
- Intervisitation policy must be followed with regards of guests of the opposite sex.
- Students who don't belong to the building must register their guests with the front desk after 8pm at night.

Students are permitted to host overnight guests 18 years or older of the same sex in their room. To do so they must:

- 1) Have active permission from their roommate
- 2) Must register their guest with hall staff
- 3) Guests cannot stay more than 3 days within a 7-day period
- 4) Students cannot have more than 2 guests overnight at the same time

A guest is defined as any student who is not assigned to a space, regardless of they are a CUC student or not. Floormates in a room that is not their own is considered a guest of that room. A resident of another building on a floor that is not their own is a guest of that floor and must also have an escort per the guest policy.

Should any of the above practices not be followed guests may be asked to leave at any time by any staff member. Additionally hosts may be responsible for the behavior and actions of their guests and may be subject to disciplinary action.

Intervisitation

Persons of the opposite sex are permitted, by invitation only, to visit in a resident's room. Intervisitation hours are times during which it is permitted to have a person of the opposite sex as a guest in your floor, community, or room. It is the responsibility of the resident who admits a guest to the floor to verify that individual as being a guest of a resident of that floor. Per the guest policy, all guests must be escorted by their host at all times.

The following are hours of visitation:

Sunday-Thursday: 10am-12am

Friday and Saturday: 10am-2am

Neon Signs

Neon signs pose a significant fire hazard and are not permitted in the residence halls.

News Media

Residence halls are considered private residences. Therefore news media are not allowed in the residence halls. News Media should be referred to the Dean of Students office.

Pets

Students are permitted to have fish only in the residence halls. Tanks cannot exceed 10 gallons. Turtles, frogs, and other aquatic animals are not fish and are prohibited. Students are responsible for the upkeep of their fish and carry the responsibility that they do not pose a health and safety hazard to the community.

Quiet Hours

Students and their guests are always expected to observe courtesy hours 24 hours a day/7 days a week. During courtesy hours, students should be mindful and respectful of other students to create an environment that does not unreasonably impose on others. Should residents have an issue with noise or disruption, they should attempt to contact the individuals involved in a calm and respectful manner assuming goodwill to allow the individuals a chance to change their behavior. Community members are expected to be welcoming of requests to adjust noise levels and reciprocate assuming good will.

Quiet Hours are defined time periods where residents are expected to lower their noise level of their activities to allow individuals an opportunity to sleep and study.

Quiet hours on campus are as follows:

Sunday – Thursday: 11pm-7am

Friday – Saturday: 1am-7am

During Finals week 24 quiet hour policies will be in effect. Students failing to be responsive to quiet hours or courtesy hours will be subject to disciplinary action.

Questionable Material in Public Display

The Department of Residence Life and Housing recognizes and celebrates the individuality of all our students. Additionally, the office supports students speaking their opinions and allowing a forum of civil discourse and respect for those who disagree. The University carries a responsibility of being welcoming of all students on our campus and needs to ensure the public areas of campus are reflective of our mission, values, and desire to be inclusive to all. Students who display items in a public area that may cause others to feel excluded, harmed, or harassed may be subject to remove the item from public display and, depending on the severity, subject to disciplinary action if it is a violation of campus harassment policies. Additionally, roommates who may be subject to the same exposure in the privacy of a room may require the item to be taken out of display with the roommate. Such items might include any item displaying profanity, promotes discrimination, posters of questionable subject matter, or any time that directly disrespect the religion, creed, ethnicity, sex, or well-being of any other individual.

Refrigerators

Each residence hall room is allowed to have only 1 refrigerator per room. Exclusions to this policy must be approved by the Director of Housing Operations or Residence Life. Fridges should not exceed 3 feet or 2.5 amps.

Repairs and Maintenance

If something in your room or hall is damaged and you would like to make a damage report for repairs to be made, you may fill out a damage report using the My SchoolDude utility on the upper left corner of the "Resources" tab on Concordia Connect.

Physical Plant employs an individual to be present on campus 24 hours a day so all attempts will be made to address any concerns as immediately as possible. Multiple maintenance requests come in daily, so students are asked to be patient as requests are prioritized in the order of importance to the building/community.

Students who have an "emergency" facility issue should contact Campus Switchboard (708.771.8300) so an immediate response can occur. Facility issues that qualify as "emergency" include:

- Electrical power problems
- Key/Lock function problems
- Light bulb replacement/fixture
- Temperature problems
- Window/door repairs
- Pest control issues
- Water leakage

Students should never attempt to repair a facility issue on their own as it could cause a health and safety risk to their well-being.

Restricted Areas

Students are prohibited from entering restricted areas of the residence halls for their own health and safety. This includes but not limited to any storage, electronic, rooftop or maintenance rooms. Restricted areas also include entering any opposite sex bathroom that is not your own.

Safety and Security Device Tampering

Tampering with any safety or security device in the residence halls is a serious threat to the campus community who rely on the devices to stay safe. Students who tamper with any safety equipment will be subject to fines, disciplinary action, and potential action from civil authorities. Such devices include but are not limited to: fire sensors, pull stations, fire extinguishers, push button security call boxes, ID sensors, lock tampering, or camera equipment.

Smoking

Smoking (including vaping/e cigarettes/vaporizers) is prohibited in the residence halls. Additionally, Effective August 1st, 2020 Concordia University Chicago is a smoke-free environment. Smoking is not permitted on our campus.

Weapons

The possession of any weapon, whether lawfully licensed or not, within a residence hall will result in the immediate removal of a student from the campus community. Weapon, as defined by this policy not only relates to the physical danger to a student but also the reasonable psychological perception of danger as well. Students who use items in a way that terrorizes or threatens another individual can be constituted as a weapon. Such weapons include but are not

limited to: dart guns, paintball guns, pellet guns, air soft guns, bb guns, bullets of any kind, explosives, firecrackers, sparklers.

Knives and other similar blades will be assessed on a case-by-case basis. Knives used for kitchen and dining use are permitted on campus. Four inch and less blades are legal to carry concealed. Hunting knives, swords, large pocket knives, and other large blades should not be brought on campus. Any knife that is deemed to be a concern for the safety of the individual or others will result in disciplinary action and/or confiscation of the knife.

Non-Traditional Housing

Graduate student and Non-Traditional Undergraduate (22 years old or older) student housing is available on campus as space permits. Students looking for non-traditional housing must contact the Director of University Housing Services to inquire about and gain approval for on-campus housing based upon availability, suitability and need. Currently Concordia University Chicago does not offer on-campus housing for married students or families.

Special Accommodations

The offices of Residence Life and Housing and the Academic Center for Excellence work with students who, because of a documented disability, need accommodations relating to their room or board plan. Such accommodations may include a single or air-conditioned room required for medical reasons, a special meal plan or a waiver of the required meal plan, and an emotional support animal. Students applying for accommodations relating to housing or meals should meet in person with the Director of Residence Life as well as the Academic Support Coordinator in the Academic Center for Excellence. Documentation from an appropriate licensed medical or mental health provider must be submitted to the Academic Center for Excellence office to determine eligibility for an accommodation.

Please Note:

- Submission of the documentation from a medical or mental health provider does not guarantee that a disability is present or that the requested accommodation will be implemented.
- Requests for housing or meal-plan accommodations must be made each year, and updated documentation must be filed with the Academic Center for Excellence. Eligibility for housing accommodations is reviewed and reassessed for each new academic year.
- Students approved for a housing accommodation are not able to select the location where that accommodation can best be provided. The room and roommates are assigned at the discretion of the Director of University Housing Services and is done in consultation with ACE based on the medical need.
- Complete documentation must include the medical or mental health provider's clear explanation of how the requested accommodation will facilitate the student's access to the University's programs. A provider's diagnosis does not necessarily indicate the presence of a disability.
- Before the University meal-plan requirement can be waived, Sodexo will be consulted to see if arrangements can be made for an alternate meal plan that meets the student's medical or dietary needs.

Process

1. All requests for accommodations are subject to review and approval prior to any allowable updates to status or account.
2. The Academic Center for Excellence must have the necessary completed forms on file before any requested accommodations will be implemented.
3. Documentation forms that are incomplete will be returned to the student. Accommodations cannot be implemented until completed forms have been submitted and verified.
4. The necessary forms are available on the Concordia Connect portal in the Forms Repository as well as in a link included on the housing application.
5. All completed accommodation request forms must be turned in, mailed, emailed or faxed to the Academic Support Coordinator in the Academic Center for Excellence.
6. After submitting documentation, students should follow up with the Academic Center for Excellence to ensure that the materials have reached the office. This is particularly important if a provider's office is expected to send documentation via fax or email.
7. An intake interview with the student is a necessary part of the interactive process through which eligibility for accommodations is determined.

Residence Hall Guest Policy

Any guest in the residence halls must be registered with hall staff if remaining overnight past 12 a.m. Sunday-Thursday and 2 a.m. Friday and Saturday. All guests must be registered 1 hour prior to the end of intervisitation in order for the guest to be officially registered. Guests must also carry with them the guest registration pass (provided when properly registered with hall staff) for confirmation of approval to be in halls overnight.

All guests are required to adhere to the Student Code of Conduct and Residence Life Hall policies and procedures.

All guests are required to produce a picture ID if requested by hall staff, Public Safety personnel or law enforcement.

Registering Guests

- Any guest that you plan to host past the end of the visitation hours in the halls must be officially registered with hall staff. This can include your Resident Assistant, your Resident Director or the Resident Assistant on Call. The Resident Assistant on call can be contacted by calling switchboard. The registration will require that your guest provide a photo ID and emergency contact number. Registered guests cannot exceed a stay of two consecutive nights.
- Guests will only be registered to one resident host, for one residence hall, and with only one residential room. Receiving permission to be a guest in one hall with one host does not give the right for the guest to enter unauthorized halls or to sleep in unauthorized rooms. They may visit other communities within the host's hall and other rooms within the host's room, but only with the host present. Sleeping in unauthorized halls, communities or rooms is strictly prohibited for guests.
- Upon registering, a guest must keep on them at all times a photo ID and their guest registration card. If asked to produce these items by appropriate personnel and unable to do so, it could result in their immediate removal from the residential hall.
- Residents that fail to appropriately register a guest will be documented and face appropriate sanctioning through the Student Code of Conduct.

The right of a student to live in reasonable privacy (to be determined by Office of Residence Life) takes precedence over the right of her/his roommate to entertain guests. Opposite-sex guests are only allowed in your community 10 a.m. until 12 a.m. on Sunday through Thursday and 10 a.m. until 2 a.m. on Friday and Saturday. Regardless of sex, students and their guests are expected to respect their roommates and fellow community members.

Overnight guests need advance and explicit consent from all other roommates in the room and must be registered with the community's Resident Assistant or Resident Director. These guests may not remain in the room for more than two consecutive nights and only in accordance with set visitation policies (i.e. following all the Residence Hall rules that are followed by regular students). Residents are directly responsible for the actions of their guests and face disciplinary sanctions, as well as financial responsibility, for the improper behavior of their guests when it results in property damage and/or other violations.

Concordia University Chicago Resident Students' Visitation Policy

Gaining access to visit one resident does not authorize a student to visit another resident or to roam the resident halls without resident host. The resident host assumes full responsibility for a guest. There may be no more than two guests per resident at any given time. If you are a residential student, you are considered a "guest" when you are visiting a residence hall or community in which you are not a resident.

***Overnight passes can be obtained from the Residence Life staff.**

Any violation of the policy will result in the immediate removal of the visitor from the premises. The University reserves the right to deny access to any guest if it has been determined that such a person has disturbed, endangered, or disrupted any resident or the contents of the building.

Violators may be placed on a "banned list," prohibiting them from entering any or all of the halls. Any questions or concerns can be brought forward to the Office of Residence Life. Mail notification will not be provided to visiting guests. The following are not permitted:

- Siblings or immediate relatives under the age of 18 that are NOT accompanied by a parent at all times are not allowed in the residence halls.
- Children under the age of 18, that are not a sibling or immediate relative of the host student, without prior approval from the Director of Residential Life and specifically related to official University events such as Careers for Christ, admissions events, athletic recruitment activities, Family and Sibling weekends, and check-in or move out periods are not allowed in the residence halls.
- Passing keys and ID cards from one resident to ANY another person.
- More than two guests per resident (maximum of 4 individuals per room).
- Leaving guests unattended.
- Babysitting of any kind is strictly prohibited in the residential communities or lounges.

Restricting Access to the Residence Halls (Getting Banned)

The Dean of Students, Director of Public Safety, and/or the Director of Residence Life or designee may impose restriction(s) upon a student pending disciplinary proceedings. Interim restrictions become effective immediately without prior notice whenever the Director of Residence Life or designee believes the student may pose a serious threat to self or others' property or cause serious disruption to the University community. Restrictions may be extended if determined as appropriate.

Note: Interim restrictions may include but are not limited to: suspension from specified residence areas; relocation of residence; restriction to designated University residence areas or restriction of contact with named individuals or groups within the Residence Life community.

For more information regarding Residence Life and Housing at Concordia University Chicago, please visit the Residence Life and Housing section of the Student Life tab on the ConcordiaConnect Portal, or contact one of our professional staff members:

The Residence Life policies listed in this handbook provide only a basic overview of the guidelines for Residence Life. Students are expected to be familiar with the Residence Life policies and procedures as documented within a student's CUConnect Residence Life portal and should talk to staff about any questions they may have.

Public Safety

Public Safety officers patrol the campus 24 hours a day. Officers provide public relations, crime prevention, and emergency response duties. It is their duty to deter and report crimes, fire and safety hazards, vandalism, property damage and trespassers. Additionally, officers enforce campus parking regulations, operate the University Switchboard and Dispatch Center, unlock and secure buildings, assist the community wherever possible, and coordinate emergency response with local police, fire and ambulance. To contact the Department of Public Safety for non-emergency requests, dial "3039" from a campus phone or 708-209-3039 from a cellular phone or off campus. In emergencies dial "9-1-1" on any campus phone and you will be routed to the local police/fire/emergency medical dispatcher who will assist you. "9-1-1" calls made using campus phones notify Public Safety Dispatch Center to provide immediate campus response for any situation as needed. If you cannot use a campus phone, dial "9-1-1" from the nearest available phone. Then contact the Department of Public Safety at 708-209-3039 from a safe location for immediate campus response.

Concordia University Chicago places a high emphasis on campus security and safety. CUC has many resources that enhance the safety of the institution:

- A close working relationship with the Village of River Forest Police and Fire Departments. Emergency responders are available 24 hours a day for emergency calls. The River Forest departments are assisted by neighboring municipalities, county, and state police as necessary.
- Emergency call boxes are located at residence hall entrances and various locations throughout the campus. The 28 call boxes notify the CUC Public Safety Dispatch Center and are answered by the local "9-1-1" dispatch center for immediate assistance from Concordia Public Safety or River Forest municipal emergency responders.
- A comprehensive University "Emergency Plan" provides procedures for potential emergency situations. Public Safety, Residence Life and University Administration utilize these procedures during emergency situations.
- An emergency communications system is used to disseminate urgent information to cellphones and University email addresses of students, faculty and staff (see "Emergency Communication Service" below). The system allows users to opt out of the text messages.

Campus Security Act

The University is required to publish annual reports on the number of crimes on or adjacent to campus property. The incidents include murder, manslaughter, sexual assault offenses, aggravated assault, burglary, robbery, vehicle theft, thefts (larceny), simple assaults, stalking, vandalism, fires, arson; liquor, drug or weapon violations or arrests; and the number of students referred to campus judicial system for liquor, drug and weapons violations.

In addition, the University is required to publish general information about reported violations of the above crimes. Exceptions are allowed if publicizing details would compromise a criminal investigation or jeopardize the safety of any party involved.

Please visit <https://CUChicago.edu/experience/campus/public-safet/annual-security-report> for more information regarding our compliance with the Campus Security Act as well as more information on general security policies and procedures.

Fire Regulations

For the safety of the student body, and in accordance with village ordinances and state laws, certain regulations concerning fire equipment, the prevention of fires, and possible fire situations are necessary. In general, all questions concerning fire procedures or use of the firefighting equipment should be brought to the attention of the Director or Assistant Director of Public Safety.

Should the fire alarm sound, all occupants are required by law to leave the building via the nearest available safe exit. If the alarm sounds, all student residents should turn on their room lights, close windows, leave blinds open to indicate leaving the building. Building occupants are encouraged to bring jackets or a blanket before exiting in inclement weather.

Building occupants shall evacuate at least 100 feet away from the building or to another safe building on campus, and await further instructions from the Fire Department or Department of Public Safety.

No person is permitted to return to the building until the fire alarm is reset and re-entry is approved by the fire department and Department of Public Safety.

Tornado Warnings and Watches

The Chicago area is occasionally subjected to tornado watches and warnings issued by the National Weather Service.

Tornado Watch (definition)

Tornados are possible in and near the watch area. Review emergency procedures and prepare to relocate quickly to a safe location if conditions change. If you have access to a weather app, radio or TV, keep up to date to the weather situation. Please alert others to the tornado watch condition.

Tornado Warning (definition)

A tornado has been sighted or indicated on radar. There is imminent danger to life and property. Seek shelter in interior rooms, lower levels of buildings or basements. Avoid windows and structures with large open rooms (gymnasiums, theaters, etc.).

Warnings can be received from the National Weather Service, cellular provider "Government Alerts – Emergency Alerts," apps, River Forest tornado siren (wailing siren for 3 minutes) or Concordia University Chicago Emergency Communication Service. All normal campus activities are suspended until further notice. While under a warning, everyone is advised to seek shelter in interior rooms, lower levels of buildings or basements. Concordia Public Safety will assist, as permitted, with this relocation.

Evacuation procedures should be undertaken until the warning expires and weather conditions improve. Weather apps, RAVE Guardian or Public Safety personnel will notify building occupants when they can move from their shelter location.

Note: The River Forest tornado sirens are tested at 10 a.m. on the first Tuesday of each month.

River Forest Parks have a lightning detection warning horn system. The detection system indicates a potential for a lightning strike. This lightning warning is three short horns to indicate "seek shelter" and one long horn to indicate "all clear." When thunder roars; go indoors.

Commuter students may register for a permit to park on campus during the day. Those who do not register for the permit shall not park on campus. If you park on the village streets, be aware of the village parking restrictions, posted on street signs.

If students, faculty, or staff bring a different car for temporary use, they must notify Public Safety. Temporary vehicles are recorded on a "temporary parking log." The same policy applies to any University visitor parking overnight on campus. Temporary vehicles shall not be parked in visitor parking. Switchboard can be reached by dialing "0" from any campus phone or 708-771-8300 from a non-campus phone.
